this book shows how american literary culture in the first half of the twentieth century saw irony emerge as a term to describe intersections between aesthetic and political practices against conventional associations of irony with political withdrawal stratton shows how the term circulated widely in literary and popular culture to describe politically engaged forms of writing it is a critical commonplace to acknowledge the difficulty of defining irony before stipulating a particular definition as a stable point of departure for literary cultural and political analysis this book by contrast is the first to derive definitions of irony inductively showing how writers employed it as a keyword both before and in opposition to the institutionalization of new criticism it focuses on writers who not only composed ironic texts but talked about irony and satire to situate their work politically randolph bourne benjamin de casseres ellen glasgow john dos passos ralph ellison and many others

examining american politics society and culture from kennedy to nixon this book ties all of these elements together and explains the political mythology that has made this period one of the most fascinating and important epochs in american history one of the strengths of the book is that it not only demonstrates but also explains the deeper mechanisms behind our continual fascination with these three particular presidents from the kennedy assassination through vietnam and watergate a complex web of historical events is untangled and lucidly explained there have been few efforts to examine the nature of kennedy s continual appeal but no work thus far has attempted to place kennedy johnson and nixon in one coherent framework that not only explains our fascination indeed obsession with these individuals but also illuminates the period in history they so dominated

an anthology of original material together with substantial introduction and critical apparatus on the development of the novel from cervantes to realism

through a close examination of philosopher leopoldo zeá s historicist phenomenology mario sáenz offers fresh insights into the role of mexican intellectuals in the creation of a latin american philosophy of liberation while this philosophy of liberation has been widely recognized as the most intellectual political ideology to emerge from latin america this century few scholars have specifically explored the mexican roots of this movement sáenz redresses this imbalance by placing zeá and his contemporary intellectuals firmly within the context of post revolutionary mexico a political and social landscape that fostered criticisms of colonial and neo colonial structures of dependence sáenz demonstrates how zeá s philosophy was informed by a sense of mexico s distinctive social and cultural identity

As recognized, adventure as competently as experience more or less lesson, amusement, as skillfully as bargain can be gotten by just checking out a books **The Irony Of American History** then it is not directly done, you could bow to even more all but this life, just about the world.
