journey through chakras by dr ravi dr minoo ratan it is an illustrated guide to chakras their symbology attributes and relevance there of it also explains

anatomical and physiological aspects of chakras and the role they play for our health and healthfulness the book also deals briefly on various tools for chakra healing and balancing ideal for seekers and healers both introduction chakra in sanskrit means a wheel that spins in tantric context the term is used to describe the energy centers in our body through in ancient texts like vedas and upanishads there is only a little written reference to the term kundalini and chakras as most of the knowledge had been passed on through guru shisya disciple lineage in recent times the interest in tantra had increased substantially more so in kundalini and chakras so we have proliferation of literature and institutions providing knowledge and guidelines on kundalini awakening and chakra opening processes through this book we have tried to offer a balanced perspective of chakras from ancient indian spiritual and tantric as well as metaphysical aspects of the subject first of all there are people who question the very existence of kundalini and chakras while some give more importance to kundalini and may agree with the existence of chakras but of little importance however from a healer s perspective they are more important for maintaining optimum health at any give time healers and alternative practitioners all over the world are using various ways to heal and balance the chakras in different practices they talk of different numbers and location of the chakras they may all be correct from their understanding since it is all experiential and very subjective we are all energy bodies and chakras are considered to be the transfer points of energy to sustain the physical body we require energy which is received through five elements earth food water fire air and ether energy when consumed in one form released in another form specially from major organs in bigger clusters viewed as chakras therefore ancient indian texts describe seven major chakras located in the region of the head and the torso representing activities of our major chakras located in the region of the head and the torso representing activities of our major organs and glands evolution is a universal process all life is evolving and man is no exception the human being is evolving not only as an individual only but also as a race mooladhar is our basic and most fundamental

chakra from where our evolution begins and culminates at sahasrara the crown chakra mooladhar or base root chakra is located at the pelvic floor and corresponds to coccygeal plexus in males it is located between anus and genitals while in females it is located at the posterior surface of the cervix as the name suggests this chakra is the foundation of the physical body in realm of existence during the process of spiritual evolution in man he goes beyond animal consciousness on to be a real human there are certain minor chakras from mooladhar down to the heels responsible for the development of animal and human instincts and intellect this chakra is responsible for survival and maintenance of the physical body as source of physical energy and regulates all excretory functions located at the lowest point of spinal column corresponding to our sacral plexus of nerves in the public region is swadhisthan or sacral chakra represents our desire center and seat of emotions this chakra is responsible for procreation and exchange of sexual energy and controls the unconscious in human beings manipura chakra in the naval region corresponds to solar plexus it controls the entire process of digestion assimilation and temperature regulation in the body this chakra is also considered as the seat of ego in human beings as this chakra is also responsible for the mental power and authority in all forms the first three chakras take care of the basic needs of all human beings as described by renowned psychologist abraham maslow in his hierarchy of needs only after fulfillment of basic needs man thinks of self actualization same way in spiritual and tantric practices it is said that till the time we are stuck in mundane or struggling with the basic needs only kundalini keeps going up to third manipura chakra and returns to the mooladhar chakra only when it crosses the astral bridge between manipura and anahat heart chakra its movement is only upwards

steve westwood who ran an investigative agency with his friend mike was asked by a solicitor to trace a lexie bennett as she had been left a considerable fortune after following several leads steve eventually found lexie working in a pub in a border village in scotland but she made it quite clear that she did not want to be

found why would a beautiful girl like her want to hide herself away steve was determined to discover the reason

today there is a renewed quest for authentic christianity people from every age group desire true holiness journey into holiness holds a wealth of writings on holiness from christians who have experience god s power in their lives

dr dobbs a scientist by training shows how dolphins can help to banish stress and he also suggests a new approach to one of the world s gravest environmental problems he tells the story of the wild dolphin freddie which haunts the northumbrian coast near amble of jojo s almost telepathic response to humans in the caribbean of the dolphins of monkey mia in australia and their affinity with much in aborigine culture and an encounter with humpback whales the size of submarines

this best selling book discusses the aspects of successful aging covering growth and development from young adulthood to old age and the impact that culture gender and individual differences have on these processes its conversational and positive tone keeps readers interested in the subject matter as it encourages them to apply the concepts of the book to their own lives it presents research findings theories and models from the fields of developmental psychology social psychology health psychology sociology and others to discuss topics of prevention compensation gains and losses for psychologists sociologists and gerontologists interested in a valuable resource for information about the aging process

the first book to focus specifically on the women of the counterculture movement reveals how hippie women launched a subtle rebellion by by rejecting their mothers suburban domesticity in favor of their grandmothers agrarian ideals which assigned greater value to women s contributions
