strategically placed on the global chess board as well as controlling vast oil
resources the middle east was one of the main theatres of cold war in the 1950s
the soviet union had taken advantage of arab nationalists disillusion with british
and french imperialism along with the emerging arab israeli conflict to establish
relations with egypt syria and iraq the united states responded by moving in to
shore up the western position confrontation was inevitable superpower
intervention in the middle east was written in 1978 when this confrontation was at

its height the book s main theme focuses on how the superpowers became competitively involved in local middle east conflicts over which they could exercise only limited control and the risks of nuclear confrontation of the kind which occurred at the end of the 1973 arab israeli war the threat to western oil supplies is also examined this is a fascinating work of great relevance to scholars and students of middle eastern history and political diplomacy as well as those with an interest in the relationship between the western superpowers and this volatile region
