feasts into liturgies theologies etc god commanded moises and the children of israel to observe feasts and holy days as memorials to the great things that he had done in their lives with expert research clearly understand how these times of celebration are important to help us better see god s complete picture and plan of redemption

it should come as no surprise that judaism which has existed as the religion and culture of the children of israel since the days of moises more than three millennia ago has had occasion to institute markers reflective of its development and history from then to the present day the present work reflections on the major holy days of judaism is intentionally limited in scope to those occasions earmarked as holy convocations in the primary sourcebooks of judaism the five books of moises known in jewish lore as the torah and in many translations as the pentateuch it is these holy convocations that dominate judaism s annual religious and liturgical calendar yet the biblical texts that ordain them are in many instances less than clear with regard to their observance as a result over the millennia since their original promulgation scholars and others have struggled with the problem of defining in acceptable and actionable terms the purported intent of the sacred texts a process that continues to the present day this study recalls the notable reflections of scholars since the first century c e as well as their disagreements on the evolution of the major holy days of judaism their significance traditions and distinctive customs

this groundbreaking neo maimonidean work establishes on independently philosophical grounds the intellectual warrant of jewish religious thinking as devotional intelligence it demonstrates the purchase and intellectual authority of such thinking by appeal to two dialectically interrelated principles on the one hand the metaphysical principle that knowing is of being and on the other sacral attunement a normative principle part i distinguishes this study from leading work in contemporary philosophy of judaism it introduces the game changing bid to privilege intelligence in the onto epistemological aristotelian sense over epistemologically orchestrated post enlightenment reason when it comes to assessing the intellectual soundness of religious thinking part ii distills contemporary elements of aristotle s onto epistemological psychology of intelligence that maimonides incorporated in his philosophy of jewish religious thinking further it finds in hegel a bridge between maimonides account of devotional intelligence and a modern maimonidean science of knowing dedicated to religious thinking part iii turns to sacral attunement foregrounding the normative devotional aspect of devotional intelligence it probes the intentionality of both onto epistemological attunement and the sacred relative to the factor of the transcendent in the process it identifies and applies elements of an existential phenomenology of fundamental attunement that thematize defining realities of the sacral attunement unique to normative jewish covenantal praxis a related analysis of the sacred in religious thinking follows which segues to a chapter on the factor of the transcendent as a seminal constituent of meaning in both the sciences and religion part iv applies and amplifies key findings in light of a signature jewish devotional theme the divine names approached from a signally maimonidean apophatic position indexed to the factor of the transcendent as the unconditioned condition kant of intelligible meaning as such distinguishing what the divine names indicate from what they refer to the essay concludes by substantiating the intellectual warrant of jewish religious thinking as a devotional intelligence of the relation of identity in
