in this ethnographic study of time place and memory aseel sawlha offers a fresh perspective on the rebuilding efforts of this city beirut and explains how the residents of beirut used individual and collective memories of their celebrated architectural past to compete and negotiate for the reinstatement of municipal services and the reconstruction of their environment page 2 of cover

through confrontations with israel and palestinians under watchful eye of united states the king managed to create a middle eastern nation state the jordanian country and its people this book focuses on hussein s concern for the future of the last hashemite monarchy together with his own set of personal and ideological convictions

the 27th edition of this reference on the middle east additionally includes all the central asian states and provides both an analytical overview of the region and specific data for each of the 32 countries introductory chapters cover regional issues such as the growth of

islamic banking and its implications for the wider economy the impact of ex soviet countries on international oil and gas production and the significance of the middle east s contribution to international terrorism comprehensive economic and business reports for each country include political and economic surveys identifying the trends developments problems and solutions country profiles including information on economic sectors political parties and systems demographics and languages key facts and analysis of vital statistics a business guide offering practical information for visitors to the country including local contact addresses and key indicators setting out the country s key economic indicators between 1998 and 2003

first emerging at the beginning of the twentieth century architectural reconstruction has increasingly become an instrument to visually revive a long bygone past this book deals with the phenomenon of meticulous reconstruction in architecture it argues that the politics of reconstruction go far beyond aesthetic considerations taking architecture as a major source of history and regional identity the impact of large scale reconstruction is deeply intertwined with political and social factors furthermore memories and associations correlated with lost buildings of a bygone era are heavily influenced by their re appearance something which often contradicts historical events reconstruction has become an established way of building and dealing with the past yet so far there is no comprehensive scientific study on it by bringing together eight case studies from eastern europe france spain china japan israel and brazil it provides valuable insights into this topic the chapters analyse the political background of the reconstructions and identify the protagonists in doing so this volume adds to our understanding of the impact of reconstruction to memory and oblivion as well as the critical power of reconstruction regarding contemporary architecture and urbanism

includes who s who in the middle east
