the books in this series describe what successful principals must know and be able to do written by teams of nationally recognized experts and accomplished practitioners they include

practical materials such as checklists sample letters model forms case studies and action plans

emphasizes the relevance of legal environment topics to business functions e g marketing finance human resources accounting manufacturing excerpted cases include substantial portions of original language of the court and competing arguments the text presents a strong emphasis on ethics international law environmental law and women s legal concerns

over the last ten years mobile payment systems have revolutionised banking in some countries in africa in kenya the introduction of m pesa a new financial services model has transformed the banking and financial services industry giving the unbanked majority access to the financial services market it has attracted over 18 million subscribers which is remarkable given that fewer than 4 million people in kenya have bank accounts this book addresses the legal and regulatory issues arising out of the introduction of m pesa in kenya and its drive towards financial inclusion it considers the interaction between regulation and technological innovation with a particular focus on the regulatory tools institutional arrangements and government decisional processes through the examination as a whole of its regulatory capacity this is done with a view to understanding the regulatory capacity of kenya in addressing the vulnerabilities presented by technological innovation in the financial industry for consumers after financial inclusion it also examines the way that mobile payments have been regulated by criticising the piecemeal approach that the central bank of kenya has taken in addressing the legal and regulatory issues presented by mobile payments the book argues there are significant gaps in the regulatory regime of mobile banking in kenya

this timely and original book provides an exploration of the factors that combine to determine the form of regulatory problems and the overall success or failure of regulation using environmental regulation as a basis for analysis this book puts forward a theoretical framework for the design of effective regulation and demonstrates how businesses compliance with environmental regulation in particular could be improved the authors address previous shortcomings in regulatory explanations which have frequently overlooked the structural character of regulation and underplayed how the factors involved work together to determine regulatory shape and performance in seeking to address this deficit the authors develop a compliance line to demonstrate how different choices on how to regulate will affect compliance outcomes chapters include a review of how regulation has changed and sought to improve over the years the relationship between rule following and regulation how regulation incorporates and relies on necessary conditions an identification of the trade offs involved in regulating and a discussion of why regulation is by necessity and to a degree unfair providing theories for how regulation can be structured to improve compliance the structure of regulation will be a key resource for students and academics in the fields of law and regulation environment studies public policy and political science

2011 updated reprint updated annually bosnia and herzegovina mining laws and regulations handbook

the legal environment of business a managerial and regulatory perspective provides students with an accessible approach to the study of the legal and regulatory environment facing managers in the twenty first century this text introduces students to the legal environment of business with a dynamic mix of cases and black letter law supported by practical examples

the oecd has collectively underlined the importance of a high quality regulatory environment since the mid 1990s when the council adopted the 1995 recommendation on improving the quality of government regulation and its checklist as the first

the legal and regulatory environment of business 2nd clearly demonstrates the relationships and importance of legal principles in business today the text uses a unique organization to parallel legal concepts to each major business function rather than isolating principles such as antitrust law this new paradigm allows students to see the relationship of the principles to the marketing and organization functions of business

this volume offers a detailed conceptual framework for understanding and learning about technology innovation policies and programs and their implementation in the context of different countries

using two typical college students bill and ann as examples this textbook applies legal concepts to practical business situations with extensive coverage of employment and labor law and the legal steps necessary to start a business
