no one in this country is untouched by the impact of diversity yet as diverse as diversity is are too the many different emotions and attitudes evoked by diversity as a nation we are not well equipped to deal with the swirling transitions that are converging on us on a daily basis because of the nature of being the most diverse country in the world this text will well serve the purpose for many who decide to learn and teach the fundamentals of cultural diversity it will be beneficial for college students high school juniors and seniors and organizations whose ever changing workforce leads to the necessity of educating employees on how to deal with the diversity of employees and customers in a positive manner this timely publication is filled with current and relevant examples taken from pop culture from tv shows song lyrics and poetry of the times these excerpts make this publication much more interesting and easy for the reader to relate to and understand

in this landmark book scott page redefines the way we understand ourselves in relation to one another the difference is about how we think in groups and how our collective wisdom exceeds the sum of its parts why can teams of people find better solutions than brilliant individuals working alone and why are the best group decisions and predictions those that draw upon the very qualities that make each of us unique the answers lie in diversity not what we look like outside but what we look like within our distinct tools and abilities the difference reveals that progress and innovation may depend less on lone thinkers with enormous iq's than on diverse people working together and capitalizing on their

individuality page shows how groups that display a range of perspectives outperform groups of like minded experts diversity yields superior outcomes and page proves it using his own cutting edge research moving beyond the politics that cloud standard debates about diversity he explains why difference beats out homogeneity whether you re talking about citizens in a democracy or scientists in the laboratory he examines practical ways to apply diversity s logic to a host of problems and along the way offers fascinating and surprising examples from the redesign of the chicago el to the truth about where we store our ketchup page changes the way we understand diversity how to harness its untapped potential how to understand and avoid its traps and how we can leverage our differences for the benefit of all
