theodore roosevelt 1857 1919 was the most literary of american presidents writing scores of books including through the brazilian wilderness and african game trails he was also the most
active of american writers in little more than six decades roosevelt was among many of his activities a rancher historian reformer new york city police commissioner renowned hunter new
york state governor conservationist vice president of the united states and 26th president of the united states what is less known is that roosevelt was also one of the great epistolary writers
penning more than 100 000 letters this collection brings together over 1 000 of roosevelt s most engaging and revealing letters ones that fully illuminate the private man and the public figure
herein roosevelt corresponds with family friends colleagues and political opponents he discusses private matters politics military strategy conservation diplomacy higher education women s
rights literature and football the list of addresses is formidable including jefferson davis francis parkman frederick jackson turner john muir andrew carnegie jane addams henry ford franklin
delano roosevelt john j pershing woodrow wilson rudyard kipling and oliver wendell holmes the selected letters of theodore roosevelt superbly edited by h w brands allows roosevelt to speak
in his own inimitable voice these letters capture the verve and sheer joy of life that was roosevelt s signature

the letters of theodore roosevelt constitute a major contribution to the field of american history and literature at the same time they present an autobiography of matchless candor and vitality
they are at once a mine of information for the historian a case study in astute and vigorous political leadership and a delight to the general reader all the letters needed to reveal roosevelt s
thought and action in his public and private life are included with appropriate editorial comment and each is printed in its entirety with the addition of this final installment about 6 000 letters

will have been published out of the 100 000 which theodore roosevelt wrote between 1868 when he was 10 and the day of his death in january 1919 during the last ten years of his life roosevelt plunged into the african jungle he visited kaiser wilhelm ii he led the progressive movement and as a bull moose was defeated in 1912 permitting woodrow wilson to defeat william howard taft for the presidency then explorer once again he escaped with his life from the wilds of brazil campaigned for united states participation in world war one and died peacefully as his cousin was on the threshold of a dynamic career theodore roosevelt s letters are a treasury of information about the issues the people and the temper of his period here are available documents which tell of his thought and action in all the major and many of the minor undertakings of his public and private life each letter is printed in its entirety both in content and presentation the letters of theodore roosevelt constitute a contribution to the field of american history and literature whose value can hardly be exaggerated at the same time they present an autobiography of matchless candor and vitality

understanding theodore roosevelt through his writings

most of the letters in this volume were written by theodore roosevelt to his children during a period of more than a dozen years a few others are included that he wrote to friends or relatives about the children he began to write to them in their early childhood and continued to do so regularly till they reached maturity whenever he was separated from them in the spanish war or on a hunting trip or because they were at school he sent them these messages of constant thought and love for they were never for a moment out of his mind and heart introduction

most of the letters in this book were written by theodore roosevelt to his children during a period of more than twenty years a few others are included which he wrote to friends or relatives about the children he began to write to them in their early childhood and continued to do so regularly till they reached maturity whenever he was separated from them in the spanish war or on a hunting trip or because they were at school he sent them these messages of constant thought and love for they were never for a moment out of his mind and heart long before they were able to read he sent them what they called picture letters with crude drawings of his own illustrations of the written text drawings precisely adapted to the childish imagination and intelligence that the little recipients cherished these delightful missives is shown by the tender care with which they preserved them from destruction they are in good condition after many years of loving usage a few of them are reproduced on these pages written at different periods as each new child appeared in the household

few subjects have generated more argument in early medieval byzantine and orthodox history than iconoclasm supposedly for more than a century the orthodox church and byzantium were wracked by controversy over religious figural imagery culminating in 843 in the establishment of icon veneration as a fundamental orthodox practice in this multidisciplinary companion to byzantine iconoclasm twelve contributors set the controversy in context and critically examine the key debates what was the argument about how much destruction and persecution were there

what caused and fuelled the controversy what links if any were there to events in the islamic caliphate and the latin west and how can we use our contested literary and material sources to offer answers to these questions contributors benjamin anderson marie france auzépy sabine feist mike humphreys robin m jensen dirk krausmüller andrew louth ken parry richard price christian c sahner and jesse w torgerson see inside the book

on february 15 1898 the american ship *uss maine* mysteriously exploded in the havana harbor news of the blast quickly reached u s shores where it was met by some not with alarm but great enthusiasm a powerful group of war lovers agitated that the united states exert its muscle across the seas theodore roosevelt and henry cabot lodge were influential politicians dismayed by the closing of the western frontier william randolph hearst s new york journal falsely heralded that spain s secret infernal machine had destroyed the battleship as hearst himself saw great potential in whipping americans into a frenzy the maine would provide the excuse they d been waiting for on the other side were roosevelt s former teacher philosopher william james and his friend and political ally thomas reed the powerful speaker of the house both foresaw a disaster at stake was not only sending troops to cuba and the philippines spain s sprawling colony on the other side of the world but the friendships between these men now bestselling historian evan thomas brings us the full story of this monumental turning point in american history epic in scope and revelatory in detail the war lovers takes us from boston mansions to the halls of congress to the beaches of cuba and the jungles of the philippines it is landmark work with an unforgettable cast of characters and provocative relevance to today

world war i was a global cataclysm that toppled centuries old dynasties and launched the american century yet at the outset few americans saw any reason to get involved in yet another conflict among the crowned heads of europe despite its declared neutrality the u s government gradually became more sympathetic with the allies until president woodrow wilson asked congress to declare war on germany to make the world safe for democracy key to this shift in policy and public opinion was the belief that the english speaking peoples were inherently superior and fit for world leadership just before the war british and american elites set aside former disputes and recognized their potential for dominating the international stage by casting germans as barbarians and spreading stories of atrocities the wilson administration persuaded the public including millions of german americans that siding with the allies was a just cause

in a period of american history marked by congressional primacy presidential passivity and hostility to governmental action theodore roosevelt and woodrow wilson became iconic presidents through activist leadership peri arnold a leading presidential scholar goes beyond the biographers to explain what really set roosevelt apart from his predecessor william mckinley how wilson differed from his successor warren g harding and how we might better understand the forgettable william howard taft in between this is the first comparative study of the three progressive era presidents examining the context in which they served the evolving institutional role of the presidency and the personal characteristics of each man arnold explains why roosevelt and wilson pursued activist roles how they gained the means for effective leadership in a role that had not previously supported it and how each of the three negotiated the choppy crosscurrents of

changing institutions and politics with entirely different outcomes arnold delineates the american political scene at the turn of the twentieth century one characterized by a weakening of party organizations the rise of interest groups and print media and increasing demands for reform he shows how the progressive era presidents marked a transition from the nineteenth century's checks and balances to the twentieth's expansive presidential role even though demands for executive leadership were at odds with the presidency's means to take independent action each of these presidents was uniquely challenged to experiment with the office's new potential for political independence from party and congress and arnold explains how each had to justify their authority for such experimentation he also shows how their actions were reflected in specific policy case studies the northern trust and naval modernization under roosevelt tariff reform and the pinchot ballinger debate over conservation under taft and the federal reserve and federal trade commission under wilson ultimately arnold shows how the period's ferment affected both the presidency and its incumbents and how they in turn affected progressive politics more important he helps us better understand two presidents who continue to inspire politicians of differing stripes and relates their leadership styles to the modern development of the presidency

in this the first book to deal with the concepts of war power and police power together mark neocleous conducts a critical exploration of the ways in which war power and police power are intertwined in the form of state violence and exercised in social

the fierce polarization of contemporary politics has encouraged americans to read back into their nation's past a perpetual ideological struggle between liberals and conservatives however in this timely book david s brown advances an original interpretation that stresses the critical role of moderate statesmen ideas and alliances in making our political system work beginning with john adams and including such key figures as abraham lincoln theodore roosevelt henry cabot lodge jr and bill clinton brown charts the vital if uneven progress of centrism through the centuries moderate opposition to both new england and southern secessionists during the early republic and later resistance to industrial oligarchy and the modern sunbelt right are part of this persuasion's far reaching legacy time and again moderates operating under a broad canopy of coalitions have come together to reshape the nation's electoral landscape today's bitter partisanship encourages us to deny that such a moderate tradition is part of our historical development one dating back to the constitutional convention brown offers a less polemical and far more compelling assessment of our politics

excerpt from theodore roosevelt's letters to his children most of the letters in this volume were written by theodore roosevelt to his children during a period of more than twenty years a few others are included that he wrote to friends or relatives about the children he began to write to them in their early childhood and continued to do so regularly till they reached maturity whenever he was separated from them in the spanish war or on a hunting trip or because they were at school he sent them these messages of constant thought and love for they were never for a moment out of his mind and heart long before they were able to read he sent them what they with crude drawings of about the publisher forgotten books publishes hundreds of thousands
