current projects in historical lexicography brings together seven papers by present and recent editors of historical dictionaries and lexical databases the collection is introduced with an overview of the history of historical lexicography from the ancient world to the present day with particular emphasis on the major nineteenth century dictionaries of german french english dutch swedish and danish and on their successors in the first paper javier martín arista describes the present state of and the prospects for the nerthus lexical database of old english the next two introduce specialized dictionaries of the language of medieval and early modern texts fernando tejedo herrero s comprehensive dictionary of the language of the great thirteenth century lawcode siete partidas and juhani norri s dictionary of medical vocabulary in english 1375 1530 marijke mooijaart s paper discusses the online integration of the four historical dictionaries which cover dutch from the earliest times to the twentieth century the next two papers stefan dollinger on the dictionary of

canadianisms on historical principles and the bank of canadian english and maggie scott on the concise scots dictionary describe projects to revise twentieth century historical dictionaries as the language varieties which they register evolve finally jeremy bergerson s paper presents a project for an etymologically rich historical dictionary of afrikaans an appendix to the volume comprises two previously unpublished short documents by katherine barber and john considine which bear on the history of the dictionary of canadianisms revision project the contributions to this volume offer a rare set of insights into ongoing lexicographical work addressing both methodological issues such as inclusion criteria and the balance between diachronic and synchronic coverage and practical issues such as publication media and funding

the final installment of the most important modern reference work for middle english studies

a comprehensive account of dictionaries during a key period in their development when they were compiled in academies across europe

whilst there has been much recent scholarly work on retailing during the early modern period less is known about how people at the time perceived retailing both as onlookers artists and commentators and as participants centred on the general theme of perceptions the authors address this gap in our knowledge by looking at a different aspect of consumption they focus on two ancillary themes the first is location and how contemporaries perceived the settlements in which there were shops the other is distance pictures prints novels diaries and promotional literature of the tradespeople themselves provide much of the evidence many of these sources are not new to historians but they have not been scrutinized and analysed with the questions in mind that are posed here the methodology to be employed has been developed by nancy cox over the last decade and is used successfully in her book the complete tradesman and in the compilation of the forthcoming dictionary of traded goods and commodities 1550 1800 this book will find a ready market with scholars concerned with british social and economic history in the early modern period although it is first and foremost a book written by historians for historians it nevertheless borrows concepts and approaches from various disciplines concerned with theories of consumption material culture and representational art

essays by eminent lexicographers explore challenges facing professionals who seek to use both existing traditions and new technologies

correspondence of hassan shadily relating to the publication of the 3rd edition of an indonesian english dictionary originally co authored by john m echols and hassan shadily
