Association

according to public opinion data over the past decade most americans hold center left attitudes regarding key economic and social policy issues recent polls even show significant support of socialism among american adults especially self identified democrats and the millennial generation at the same time the focus of the mass media has been on a widespread right wing populism while movements on the left seem to lack political clout in order to better understand this dichotomy this book explores relations between organized labor and left wing parties and movements in america at crucial junctures from the 1870s to the present providing fresh insight into current political developments it highlights emerging alternatives and major challenges facing labor and the left today

david horowitz spent the first part of his life in the world of the communist progressive left a politics he inherited from his mother and father and later in the new left as one of its founders when the wreckage he and his comrades had created became clear to him in the mid 1970s he left three decades of second thoughts then made him this movement s principal intellectual antagonist for better or worse as horowitz writes in the preface i have been condemned to spend the rest of my days attempting to understand how the left pursues the agendas from which i have separated myself and why when horowitz began his odyssey the left had already escaped the political ghetto to which his parents generation and his own had been confined today it has become the dominant force in america s academic and media cultures electing a president and achieving a position from which it can shape america s future how it achieved its present success and what that success portends are the overarching subjects of horowitz s conservative writings through the unflinching focus of one singularly engaged witness the identity of a destructive movement that constantly morphs itself in order to conceal its identity and mission becomes disturbingly clear horowitz reflects on the years he spent at war with his own country collaborating with and confronting radical figures like huey newton tom hayden and billy ayers as he made his transition from what the writer paul berman described as the american left s most important theorist to its most determined enemy

only the american right has ever really recognised the potency of the american left now rhodri jeffreys jones fully details the left s numerous

achievements including the welfare state opposing militarism reshaping of american culture black rights a

intertwining the stories of three leading early twentieth century radical americans this book presents the enthralling tale of the too short lives of inez milholland randolph bourne and john reed it highlights the movements and personal experiences that drew such privileged individuals to the american left willing to sacrifice comfortable circumstances and opportunities as writers and activists the trio became leading spokespersons for feminism sexual liberation unions civil liberties pacifism internationalism socialism anarchism and in reed s case communism challenging capitalism patriarchy and the nation state the independently minded milholland bourne and reed possessed a twofold commitment to personal liberation and community with their early deaths they left behind personal models for acting living and thinking afresh one could say they became martyrs to the very movements they championed

a reference guide to the history of radical and progressive movements in america more than 600 articles cover key figures events issues organizations and concepts including thomas paine black panther party emma goldman peace movements students for a democratic society

this series cuts the cloth of the american past in new and engaging patterns each volume reexamines a period or reassesses a political or cultural phenomenon in a fresh and authoritative analysis that is amplified by a generous selection of illustrations from sources contemporaneous with the subject planned for the series are books dealing with such subjects as the worker in america the family women imperial america violence and the cold war

no detailed description available for the american left

the most detailed study of soviet military industrial espionage during the 1930s 1940s and 1950s spying aimed specifically at acquiring restricted information and materials relating to american industry technology and science
