is mankind headed for destruction how will it all end when will it happen what is man s destiny will we die by our own hand or by the hand of god for thousands of years the questions have been the same millions of souls have searched for the answers to no avail nevertheless some believed they knew we call them prophets they saw the end of our world

and they believed their visions were true are we to believe their god given insights into the end of days perhaps god did pull back the curtain that blinds man to his future maybe these writers did see the end and how it would come upon us the prophets of doom revealed a scenario of global cataclysm they tell the story of rulers bankrupting nations to fund tremendous wars they tell of weather gone awry of ice and snow rain and floods hurricanes and earthquakes where seldom they occurred they tell us of what is happening all around us today

among the first seven scrolls discovered in the caves of qumran at the dead sea is a scroll given the name the book of giants it is thought to have been based on the book of enoch a pseudepigraphical jewish work from the 3rd century bce the book of giants like the book of enoch concerns itself with the nephilim which are the offspring of fallen angels who are called the watchers two main versions of the text exist the dead sea version is written in aramaic another version has been found written in middle persian adapted from the aramaic to fit into the manichean religion both versions will be examined following theories speculating that the book of giants was once part of the book of enoch we will attempt to place the two texts back together to render the complete story of the watchers and the nephilim we will discover the history and contributions of these ancient scrolls and look carefully at their content and meaning throughout the combined texts of the book of giants and the book of enoch we will examine all the biblical and apocryphal references and parallels within the text the result is an in depth and panoramic view of the angels the watchers and the nephilim and how one of the giants of the nephilim race may have survived the flood intended to cleanse the earth of their horror

three of the most popular and sought after apocryphal books are now presented in a single volume the book of enoch is quoted by jude cited by peter and read by the apostles enoch 1 enoch informs our ideas of angels and demons the book describes the fall of a group of angels called the watchers who took the daughters of men as wives and fathered the nephilim genesis 6 1 2 enoch goes on to record amazing visions of heaven and the workings thereof enoch is an ancient jewish religious work traditionally ascribed to enoch the great grandfather of noah it is regarded as canonical by the ethiopian orthodox church the book of jubilees also known as the little genesis and the apocalypse of moses opens with an extraordinary claim of authorship it is attributed to the very hand of moses penned while he was on mount sinai as an angel of god dictated to him regarding those events that transpired from the beginning of the world the story is written from the viewpoint of the angel the angelic monolog takes place after the exodus of the children of

israel out of egypt the setting is atop mount sinai where mooses was summoned by god the text then unfolds as the angel reveals heaven's viewpoint of history we are lead through the creation of man adam's fall from grace the union of fallen angels and earthly women the birth of demonic offspring the cleansing of the earth by flood and the astonishing claim that man's very nature was somehow changed bringing about a man with less sinful qualities than his antediluvian counterpart the story goes on to fill in many details in israel's history ending at the point in time when the dictation began on the mount the book of jasher reveals a large quantity of additional information about the period between divine creation and the time of joshua's leadership over israel when the israelites enter into the land of canaan the book of jasher includes details about the antediluvian patriarchs angels watchers the flood the tower of babel and many other events mentioned in the bible the tales are expanded and infused with detail not previously available this means we receive insight into the lives of abraham noah enoch joseph and many other biblical figures we come to understand how they became great and why they acted as they did we are also given hitherto unknown knowledge of historical events we are shown how god's hand shaped history through his love and anger we see how his disappointment with men and angels ended in earth's near total destruction

2 peter 3:17 says beloved i now write to you this second epistle in both of which i stir up your pure minds by way of reminder that you may be mindful of the words which were spoken before by the holy prophets and of the commandment of us the apostles of the lord and savior knowing this first that scoffers will come in the last days walking according to their own lusts and saying where is the promise of his coming for since the fathers fell asleep all things continue as they were from the beginning of creation for this they willfully forget that by the word of god the heavens were of old and the earth standing out of water and in the water by which the world that then existed perished being flooded with water but the heavens and the earth which are now preserved by the same word are reserved for fire until the day of judgment and perdition of ungodly men

jesus was a man of few words simple words and a deeply challenging message however through the years his words and message have been clouded with additions and redactions how can we possibly know the words he spoke what were his original teachings where did his message stop and the many changes begin hidden in the gospels themselves are the source materials containing the original message preached by jesus before the gospels were written there were proto gospels notes lists and collections of sayings used to construct the gospels we have today by examining history language and content we can cut through additions and redactions to extract the earliest source materials and examine the true words and teachings of jesus

the first fifty years of the faith were tumultuous and politically charged not because of roman influence but due to disagreements within the new jesus sect fundamental doctrines were forming within the fires of personal conflict among the first elders did jesus set out to start a new religion or simply correct the spiritual course of judaism what were his intentions what did he wish to accomplish after his death who should best direct the new sect was james the brother of jesus correct in wishing to keep the new sect jewish or was paul sent by god to guide the new movement james and the other elders lived with jesus for three years did they understand his mission and message or did paul who never met jesus in the flesh interpret his intentions more accurately did paul champion the cause or did paul hijack the sect and usurp authority from the pillars of the faith by examining the earliest and most ancient texts of the faith the original and unaltered words and intentions of jesus may be seen in a brighter light with fresh insight we may better understand the evolution and journey of a new movement from a small jewish sect to a world religion

jesus said let he who seeks not stop seeking until he finds and when he finds he will be amazed troubled and when he has been amazed he will marvel be astonished and he will reign over all and in reigning he will find rest for the rule reign of the one who has obtained gnosis results in rest clement of alexandria writes being baptized we are illuminated illuminated we become sons being made sons we are made perfect being made perfect we are made immortal instructor 1 6 26 1 it seems clear that the rule or reign referred to here is ruling oneself or one's own spirit those who are troubled that there is more to reality than the eyes can see will seek deeper truths when the spiritual sight sees the truth they will be troubled that you have not seen what is so obvious before they will be troubled that things are very

different than they thought they were they will be troubled at how simple and clear the truth has become when it was hidden so deeply a moment before in this new reality things will make sense and the pieces will fit together the truth or gnosis will bring peace and rest

before the gospels were written there were proto gospels notes lists and collections used to construct the gospels we have today some gospels were used and built upon to form other expanded gospels the q document was used as a memory tool and literary scaffolding by matthew and luke in the writing of their gospels although many scholars believe mark had access to the oldest parts of q others believe he did not since mark predates matthew and luke they believe mark was used as a template for matthew and luke the gospel of john used a different source called the signs gospel which explains why it is so different to mark matthew and luke we will examine the writings behind the gospels if the christian faith is built upon the four gospels of matthew mark luke and john then the underpinning documents

called q gospel signs gospel and passion narrative are the foundation upon which these four gospels were based

to understand some of the basic beliefs of gnosticism let us start with the common ground shared between gnosticism and modern christianity both believe the world is imperfect corrupt and brutal the blame for this according to mainstream christianity is placed squarely on the shoulders of man himself with the fall of man adam the world was forever changed to the undesirable and harmful place in which we live today however gnostics reject this view as an incorrect interpretation of the creation myth according to gnostics the blame is not in ourselves but in our creator the creator of this world was himself somewhat less than perfect and in fact deeply flawed and cruel making mankind the children of a lesser god the parallel between sophia and mary magdalene in gnostic theology cannot be overstated sophia was the handmaiden of the supreme god carrying the life force which was the emanation of god she carried the truth within her which she offered to adam the truth was offered up to set him free mary was the consort of jesus carrying the imparted knowledge and possibly his life force in the form of a child she revealed to the apostles the truth jesus personally and intimately gave to her alone we will see this stated clearly in the gospel of mary magdalene later in this book
