this needs to be picked up by netflix and made into a tv show absolutely brilliant goodreads in the vein of great writers like harry harrison and robert a heinlein amazon nick adams is a storyteller of rare ability goodreads i read a lot of sci fi and this is in the top percent amazon superb writing editing and excellent storytelling kobo the best sci fi series i have read in a while amazon the initial fold book 1 what would you do if you materialised inside an alien starship it s 2049 and nasa sponsored physicist edward virr is on the cusp of man s greatest breakthrough the ability to fold space and travel faster than light he personally tests nasa s futuristic prototype fold ship with a hand picked crew but as disaster strikes the first mission

ed begins to suspect that he isn't the only one developing the new technology discovering there's a lot more at stake than first contact. ed soon realises that earth's very survival depends on his ability to solve a crime of galactic proportions. join edward virr and his rag tag crew as they undertake their first space adventure into the depths of the milky way. the andromedan fold book 2 the crew of your starship are being systematically slaughtered. what do you do? the galaxies ruling council have lost two ships thousands of light years distant on the outer fringe of the milky way. a civilian exploration vessel and the military ship sent to find it have disappeared without a trace. edward virr and the crew of the sentient starship gabriel are tasked with a mission to discover what happened. they find not only the two misplaced ships but a secret to intergalactic travel. the biggest invasion fleet ever assembled and a ruling alien race so cruel it could end all of humankind. join ed and company for their second crusade into the depths of uncharted space. only this time the team are alone. two and a half million light years from home they're being hunted and nothing it seems goes to plan. the messier fold book 3 to protect your family's secrets how many people would you murder? planet earth's first maximum security jail break involving a cloaked spacecraft necessitates edward virr and the crew of the sentient starship gabriel to give chase. emboldened by the addition of andrew's father a retired fbi investigator they pursue their quarry over 250 million light years through a recently discovered galactic gateway and find themselves immediately fighting for survival. two races at war for millennia over lust for power and greed don't take kindly to strangers appearing in their midst and push our heroes' abilities so far it culminates in an unspeakable tragedy. meanwhile their quarry have problems of their own. the fold series the initial fold the andromedan fold the messier fold the cygnus fold the acheron fold the medusa fold the halo fold. author note for the benefit of my awesome fans across the pond this novel is written in uk english and may include a few colloquialisms and spellings that you don't recognise. there is understandably considering the circumstances a bit of swearing involved. we do swear a bit in england just put it down to eccentricity or maybe our spirited anglo saxon heritage. another unusual trait of the brits is to use humour in stressful situations. just ask anyone who's been on active service with the british armed forces. it helps to keep one sane. now you're all prepared i hope you enjoy the yarns. cheers for now nick adams

the first two books in the most important series in science fiction from the new york times bestselling author of dreamscape ursula k le guin author of the earthsea series starfarers the starfarer is a self sufficient spaceship with a functioning ecosystem able to navigate from one

star system to another via cosmic string and it is about to embark on a deep space expedition in search of alien contact its global crew has come together in the spirit of cooperation and scientific advancement but earth struggles with anti science and anti technology factions and there are those who want to turn the starfarer into a military base one of them is on board and he will stop at nothing including sabotage to enforce his agenda transition after the crew members of the starfarer hijack their own ship they intercept an alien message and attempt to decipher its complex patterns it could be an introduction a warning or a trap in tau ceti the first star system humans have ever visited they discover worlds possessing life but no higher forms of intelligence and with a saboteur still in their midst tensions rise as the ship and its team hurtle toward a meeting more than three millennia in the making praise for the starfarers series mcintyre is a master sf stylist creating well rounded believable and distinctive characters and she excels at lush descriptions that allow the reader to visualize the action publishers weekly the series features a diverse cast especially for its 1989 debut date and a series of interstellar hijinks the likes of which only mcintyre could conjure tor com a fine novel of adventure greg bear on starfarers the most exciting and satisfying science fiction i have read this year ursula k le guin on metaphase

when van tudor returns to his childhood home he inherits more than the family farm his grandfather used to tell him fantastic stories of spacemen and monsters princesses and galactic knights little did van realize the old man s tales were more than fiction they were real hidden beneath the old barn van s legacy is waiting a starship not of this world with his combat ai an android bird named perry van takes his first steps into the wider galaxy he soon finds that space is far busier and more dangerous than he could have ever conceived destiny is calling his grandfather s legacy awaits embark on the adventure of a lifetime with usa today bestselling author j n chaney and terry maggert in this brand new science fiction series if you re a fan of found spaceships and galactic quests for glory this might just be the story you ve been waiting for

the final two books in the most important series in science fiction from the new york times bestselling author of dreamsnake ursula k le guin author of the earthsea series metaphase cast out from interstellar civilization the crew of the starfarer encounters an extraterrestrial whose reputation is equally bad the squidmoth contact specialist j d sauvage risks her life to befriend

the creature trusting her instincts instead of the warnings of the alien human the welcome sauvage receives and the connection she makes will help her overcome her innate fears and prejudices and she will be given a gift that will save her from being left behind in an empty star system as well as redeem the starfarer and its mission nautilus after their encounter with the squidmoth and with their ecosystem immunized by the alien human the crew of the starfarer makes contact with representatives from the four worlds j d sauvage is sent to meet the furry creatures as large as lions and as lithe as otters they have been waiting for humans for a long time but there is something they want from the starfarer team earth s one advantage over space civilization a new faster algorithm for interstellar navigation praise for the starfarers series mcintyre is a master sf stylist creating well rounded believable and distinctive characters and she excels at lush descriptions that allow the reader to visualize the action publishers weekly the series features a diverse cast especially for its 1989 debut date and a series of interstellar hijinks the likes of which only mcintyre could conjure tor com
