obergefell v hodes was a wonderful decision because it s now forcing every christian to decide whether their allegiance is to the supreme court or to the supreme being in every other way it was a terrible decision but understanding where it came from and how it impacts our public and private lives isn t so straightforward and

for christians most of that difficulty stems from the fact that we have mis identified the nature of the current culture war homosexual rights are about sexual liberty but only superficially primarily gay marriage is about the right to control same sex marriage starts to untangle the issues involved beginning with the fundamentals of marriage and then tracing the effects of this foundational institution in every area of life is marriage a private matter an agreement before god alone or is it public a matter for legislation but most christians also need to think about the issues involved beyond the chapel does marriage equality affect public discourse how should free speech play into this discussion what does the bible say about the supreme court or repentance or a theology of resistance obergefell was a disaster for our nation and as with every disaster the biggest benefit is in determining how we christians ignored all warnings and let it happen our secular culture is trying to redefine marriage because the church first showed the way by redefining love douglas wilson
