the american discovery of europe investigates the voyages of america s native peoples to the european continent before columbus s 1492 arrival in the new world the

product of over twenty years of exhaustive research in libraries throughout europe and the united states the book paints a clear picture of the diverse and complex societies that constituted the americas before 1492 and reveals the surprising native american involvements in maritime trade and exploration starting with an encounter by columbus himself with mysterious people who had apparently been carried across the atlantic on favorable currents jack d forbes proceeds to explore the seagoing expertise of early americans theories of ancient migrations the evidence for human origins in the americas and other early visitors coming from europe to america including the norse the provocative extensively documented and heartfelt conclusions of the american discovery of europe present an open challenge to received historical wisdom

examines the full range of african european encounters from an unfamiliar african perspective rather than from the customary european one publisher description

this is an account of the growth and uses of western learning in japan from 1720 to 1830 these are the dates of the beginning of official interest in western learning and of the expulsion of siebold from the country the first stage of a crisis that could be resolved only by the opening of the country of the west the century and more included by the two dates was a most important period in japanese history when intellectuals rebelling at the isolation of their country desperately sought knowledge from abroad the amazing energy and enthusiasm of men like honda toshiaki made possible the spectacular changes in japan which are all too often credited to the arrival of commodore perry the author chose honda toshiaki 1744 1821 as his central figure a page from any one of honda s writings suffices to show that with him one has entered a new age that of modern japan one finds in his books a new spirit restless curious and receptive there is in him the wonder at new discoveries the delight in widening horizons honda took a kind of pleasure even in revealing that japan after all was only a small island in a large world to the japanese who had thought of chinese civilization as being immemorial antiquity he declared that egypt s was thousands of years older and far superior the world he discovered was full of wonderful things and he insisted that japan take advantage of them honda looked at japan as he thought a westerner might and saw things that had to be changed terrible drains on the country s moral and physical strength within him sprang the conviction that japan must become one of the great nations of the world

full of rare and exact information a distinguished work new york review of books the eleventh century muslim world was a great civilization while europe lay slumbering in the dark ages slowly inevitably europe and islam came together through trade and war crusade and diplomacy the ebb and flow between these two worlds for seven hundred years illuminated here by a brilliant historian is one of the great sagas of world history

offering a thorough and accessible account of the global expansion of discovery and its relationship with media globalization mjos explores the way in which the processes of media globalization unfold and develop and traces some of the possible consequences

the age of discovery explores one of the most dramatic features of the late medieval and early modern period when voyagers from western europe led by spain and portugal set out across the world and established links with africa asia and the americas this book examines the main motivations behind the voyages and discusses the developments in navigation expertise and technology that made them possible this second edition brings the scholarship up to date and includes two new chapters on the important topics of the idea of discovery and on biological and environmental factors which favoured or limited european expansion

today transnational tv networks count among television s most prestigious brands and rank among europe s leading tv channels this is the first dynamically told story of

the extraordinary journey of transnational television in europe from struggling origins to its present day boom it is based in extensive research into the international television industry and makes full use of its author s remarkable access to leading industry figures from sky and turner to discovery and bbc world the tale begins with a few cross border tv channels who fought hostile governments faced antagonism from the broadcasting establishment and provoked the contempt of advertisers but jean chalaby argues the planets came into alignment for pan european television in the late 1990s when a transnational shift in european broadcasting was produced he shows how transnational television and globalization have transformed one another and how transfrontier tv networks reflect and help sustain a global economic order in which the connection between national territory and patterns of production and distribution have broken down

journey through the grandeur of europe a continent steeped in history culture and diversity from ancient civilizations to modern metropolises from towering mountains to tranquil coastlines europe s story is a tapestry of triumphs and trials dreams and disillusionments in this captivating book we embark on an exploration of europe s rich heritage delving into the forces that have shaped its destiny and tracing the threads that connect its past to its present we uncover the rise and fall of empires the birth of groundbreaking ideas and the clash of ideologies that have left an indelible mark on the continent s identity through vivid descriptions and engaging narratives we traverse the vast expanse of european history encountering iconic figures pivotal events and transformative movements we celebrate the diversity of european cultures marveling at the artistic masterpieces architectural wonders and culinary delights that have enriched the world s heritage we examine europe s role in global affairs from its colonial past to its present day influence and ponder the challenges and opportunities that lie ahead our journey takes us from the ancient ruins of greece and rome to the bustling metropolises of today from the battlefields of war to the halls of peace from the depths of despair to the heights of human achievement we discover the stories of ordinary people and extraordinary leaders of visionaries and revolutionaries of those who dared to dream and those who dared to make those dreams a reality as we delve into europe s grandeur we gain a deeper appreciation for the intricate tapestry of human experience the resilience of the human spirit and the boundless potential that lies within us all we come to understand europe not only as a geographical entity but also as a symbol of unity diversity and the enduring quest for progress this book is an invitation to embark on an extraordinary journey through time and space to witness the grandeur of europe s past and to ponder the possibilities of its future it is a

celebration of the human spirit a testament to the resilience of the human race and an inspiration for generations to come if you like this book write a review on google books
