the continuation of alexis de tocqueville s great meditation on the origins and meanings of the french revolution with his monumental work the old regime and the revolution alexis de tocqueville 1805 59 best known for his classic democracy in america envisioned a multivolume philosophical study of the origins of modern france that would examine the implications of french history on the nature and development of democratic society volume i which covered the eighteenth century background to the revolution was published to great acclaim in 1856 on the continuation of this project he wrote when this revolution has finished its work this volume will show what that work really was and what the new society which has come from that violent labor is what the revolution has taken away and what it has preserved from that old regime against which it was directed tocqueville died in the midst of this work here in volume ii is all that he had completed including the chapters he started for a work on napoleon notes and analyses he made in the course of researching and writing the first volume and his notes on his preparation for his continuation more than ever before readers will be able to glean how tocqueville s account of the revolution would have come out had he lived to finish it this handsomely produced volume completes the set and is essential reading for anyone interested in the french revolution or in tocqueville s thought

in 1870 the welsh ironmaster john james hughes left his successful career in england and settled in the barren and underpopulated donbass region of the ukrainian steppe to found the town of iuzovka and build a large steel plant and coal mine theodore friedgut tells the remarkable story of the subsequent economic and social development of the donbass an area that grew to supply seventy percent of the russian empire s coal and iron by world war i the first volume of this two volume study focused on the social and economic development of the donbass while the second volume is devoted to political analysis while revealing the grand and tragic sweep of revolutionary events in this region friedgut also offers a fascinating picture of the heterogeneous population of these frontier settlements he analyzes the instability of the revolutionary movement and in particular the absence of a significant stratum of worker intelligentsia and the inhibiting effect that this had on the development of an

indigenous workers movement in addition he reinforces the theory that world war i intensified existing social tensions in the russian empire cutting short the slow but steady modernization of russia's society and politics and creating the social crisis that led to the collapse of the old regime originally published in 1994 the princeton legacy library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of princeton university press these editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions the goal of the princeton legacy library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by princeton university press since its founding in 1905

peter gunnarson rambo son of gunnar petersson was born in about 1612 in hisingen sweden he came to america in 1640 and settled in christiana new sweden now delaware he married brita mattsdotter 7 april 1647 they had eight children he died in 1698 his daughter gertrude rambo was born 19 october 1650 she married anders bengtsson descendants and relatives lived mainly in pennsylvania delaware virginia north carolina and ohio

first published in 1951 arnold hauser's commanding work presents an account of the development and meaning of art from its origins in the stone age through to the film age this new edition of a classic work offers a contemporary introduction

unlike some other reproductions of classic texts 1 we have not used ocr optical character recognition as this leads to bad quality books with introduced typos 2 in books where there are images such as portraits maps sketches etc we have endeavoured to keep the quality of these images so they represent accurately the original artefact although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy

yes this is another calculus book however it fits in a niche between the two predominant types of such texts it could be used as a textbook albeit a streamlined one it contains exposition on each topic with an introduction rationale train of thought and solved examples with accompanying suggested exercises it could be used as a solution guide because it contains full written solutions to each of the hundreds of exercises posed inside but its best position is right in between these two extremes it is best used as a companion to a traditional text or as a refresher with its conversational tone its get right to it content structure and its inclusion of complete solutions to many problems it is a friendly partner for students who are learning calculus either in class or via self study exercises are structured in three sets to force multiple encounters with each topic solved examples in the text are accompanied by you try it problems which are similar to the solved examples the students use these to see if they're ready to move forward then at the end of the section there are practice problems more problems similar to the you try it problems but given all at once finally each section has challenge problems these lean to being equally or a bit more difficult than the others and they allow students to check on what they've mastered the goal is to keep the students engaged with the text and so the writing style is very informal with attempts at humor along the way the target audience is stem students including those in engineering and meteorology programs

a wide ranging and comprehensive study of the commanders of the union's army of the potomac and their decisions

entertaining and informative the newly updated britannica student encyclopedia helps children gain a better understanding of their world updated for 2015 more than 2 250 captivating articles cover everything from barack obama to video games children are sure to immerse themselves in 2 700 photos charts and tables that help explain concepts and subjects as well as 1 200 maps and flags from across the globe britannica student is curriculum correlated and a recent winner of the 2008 teachers choice award and 2010 aep distinguished achievement award

award winning scholars and veteran teachers deborah gray white mia bay and waldo e martin jr have collaborated to create a fresh innovative new african american history textbook that weaves together narrative and a wealth of carefully selected primary sources the narrative focuses on the diversity of black experience and culture and the impact of african americans on the nation as a whole

every chapter contains two themed sets of written documents and a visual source essay guiding students through the process of analyzing sources and offering the convenience and value of a two in one textbook and reader

vols for 1871 76 1913 14 include an extra number the christmas bookseller separately paged and not included in the consecutive numbering of the regular series
