teachers and students of criminology and is a sourcebook for professionals

the handbook on crime is a comprehensive edited volume that contains analysis and explanation of the nature extent patterns and causes of over 40 different forms of crime in each case drawing attention to key contemporary debates and social and criminal justice responses to them it also challenges many popular and official conceptions of crime this book is one of the few criminological texts that takes as its starting point a range of specific types of criminal activity it addresses not only conventional offences such as shoplifting burglary

robbery and vehicle crime but many other forms of criminal behaviour often an amalgamation of different legal offences which attract contemporary media public and policy concern these include crimes committed not only by individuals but by organised criminal groups corporations and governments there are chapters on for example gang violence hate crime elder abuse animal abuse cyber crime identity theft money laundering eco crimes drug trafficking human trafficking genocide and global terrorism many of these topics receive surprisingly little attention in the criminological literature the handbook on crime will be a unique text of lasting value to students researchers academics practitioners policy makers journalists and all others involved in understanding and preventing criminal behaviour

conducting research into crime and criminal justice carries unique challenges this handbook focuses on the application of methods to address the core substantive questions that currently motivate contemporary criminological research it maps a canon of methods that are more elaborated than in most other fields of social science and the intellectual terrain of research problems with which criminologists are routinely confronted drawing on exemplary studies chapters in each section illustrate the techniques qualitative and quantitative that are commonly applied in empirical studies as well as the logic of criminological enquiry organized into five sections each prefaced by an editorial introduction the handbook covers crime and criminals contextualizing crimes in space and time networks communities and culture perceptual dimensions of crime criminal justice systems organizations and institutions preventing crime and improving justice edited by leaders in the field of criminological research and with contributions from internationally renowned experts the sage handbook of criminological research methods is set to become the definitive resource for postgraduates researchers and academics in criminology criminal justice policing law and sociology david gadd is professor of criminology at manchester university school of law where he is also director of the centre for criminology and criminal justice susanne karstedt has a chair in criminology and criminological justice at the university of leeds steven f messner is distinguished teaching professor of sociology university at albany state university of new york

how can a society prevent not deter not punish but prevent crime criminal justice prevention commonly called crime control aims to prevent crime after an initial offence has been committed through anything from an arrest to a death penalty sentence these traditional means have been frequently examined and their efficacy just as frequently questioned promising new forms of crime prevention have emerged and expanded as important components of an overall strategy to reduce crime crime prevention today has developed along three lines interventions to improve the life chances of children and prevent them from embarking on a life of crime programs and policies designed to ameliorate the social conditions and institutions that influence offending and the modification or manipulation of the physical environment products or systems to reduce everyday opportunities for crime each strategy aims at preventing crime or criminal offending in the first instance before the act has been committed each importantly takes place outside of the formal criminal justice system representing an

alternative perhaps even socially progressive way to reduce crime the oxford handbook of crime prevention is a comprehensive up to date and authoritative review of research on crime prevention bringing together top scholars in criminology public policy psychology and sociology this handbook includes critical reviews of the main theories that form the basis of crime prevention evidence based assessments of the effectiveness of the most important interventions and cross cutting essays that examine implementation evaluation methodology and public policy covering the three major crime prevention strategies active today developmental community and situational this definitive volume addresses seriously and critically the ways in which the united states and the western world have attempted and should continue to strive for the reduction of crime

the first comprehensive collection of its kind this handbook addresses the problem of knowledge production in criminology redressing the global imbalance with an original focus on the global south issues of vital criminological research and policy significance abound in the global south with important implications for south north relations as well as global security and justice in a world of high speed communication technologies and fluid national borders empire building has shifted from colonising territories to colonising knowledge the authors of this volume question whose voices experiences and theories are reflected in the discipline and argue that diversity of discourse is more important now than ever before approaching the subject from a range of historical theoretical and social perspectives this collection promotes the global south not only as a space for the production of knowledge but crucially as a source of innovative research and theory on crime and justice wide ranging in scope and authoritative in theory this study will appeal to scholars activists policy makers and students from a wide range of social science disciplines from both the global north and south including criminal justice human rights and penology

criminological theory texts typically follow a conventional format diverse writings are neatly packaged into schools of thought which are given clear labels and conveyed a chapter at a time with topics like control theory in one chapter and strain theory in another the oxford handbook of criminological theory takes a different approach across the criminological landscape the volume is organized not around schools of thought but around themes that shape much thinking about and research on crime this more unconventional approach seeks to show that criminological theory is not static but dynamic in fact most prominent scholars do not spend their time commenting upon and retesting theoretical propositions that have existed for many years rather they move into more novel areas areas often located in the interstitial junctures between more traditional theories this oxford handbook presents a series of essays that captures not the past of criminology but where theoretical explanation is headed as a result the volume is replete with new ideas discussions of substantive topics with salient theoretical implications and reviews and interpretations of literatures that illuminate promising avenues along which theory and research should evolve special attention is paid to how criminal participation is shaped intimately by individual traits diverse social contexts the

situations in which the choice of crime is made and exposure to coercive experiences each chapter can be read on its own as furnishing an important analysis of a given theoretical issue yet read as a whole the oxford handbook of criminological theory offers a unique and deep understanding of criminology at its cutting edge

the second handbook in the shoham trilogy which includes the esteemed international handbook of penology and criminal justice and the upcoming international handbook of victimology this volume is a comprehensive treatment of criminology theory this text contains contributions from 25 of the top international scholars in the field across a wide range of disciplines topics include social deviance research methods biological and physiological explanations personality types and family socialization processes the book also explores ecological and economic factors differential association and situational crime prevention cultural conflicts and immigration as well as stigmas group delinquency and juvenile delinquency

for any criminologist looking to make sense of recent developments in the field this is the go to book in essays by leading specialists it provides the latest updates on traditional theories whilst charting new directions it also offers interpretive frameworks for criminology's current flux and fragmentation and closely examines relationships among theory policy and criminal justice practice invaluable and indispensable nicole rafter professor northeastern university the sage handbook of criminological theory re centres theory in the boldest most thought provoking form possible within the criminological enterprise written by a team of internationally respected specialists it provides readers with a clear overview of criminological theory enabling them to reflect critically upon the variety of theoretical positions traditional emergent and desirable that are constitutive of the discipline at the beginning of the twenty first century each chapter has been specially commissioned to include the following a brief historical overview of the theoretical perspective core ideas and key associated concepts a critical review of the contemporary status of the perspective reflections on future developments in addition the handbook features a substantive introduction by the editors providing a review of the development of criminological theory the state of contemporary criminological theory and emergent issues and debates the sage handbook of criminological theory is an indispensable international resource for libraries and scholars of all levels studying the rapidly developing interdisciplinary field of criminology

the handbook of asian criminology aims to be a key reference for international scholars with an interest in the broad theme of international criminology in general and the asian region in particular contextualization is a key theme in this book the role of context is often underemphasized in international criminology so the handbook of asian criminology's premise that crime and the responses to it are best understood as deeply embedded in the cultural specificity of the environment which produces them will play a key role throughout the work attention will be given to country and region specific attitudes towards crime and punishment

it discusses crime and criminology in relation to the media race islam gender and politics and

considers all the relevant theoretical debates that dominate criminology chapters on the police courts probation and prisons are included along with more theoretical chapters regarding crime prevention youth justice and restorative and informal justice the handbook also includes comparative materials and international criminal courts

this 2nd edition of the handbook provides an interdisciplinary coverage of new understandings of the most important developments in the sociology of crime and deviance that is current and emerging for research methodology practice and theory in criminology it fosters research to take the fields of criminology and criminal justice in new directions unlike any other handbook it includes chapters on cutting edge quantitative data and analytical techniques that are shaping the future of empirical research and expanding theoretical explanations of crime and deviance it further devotes a section to the most current and innovative methodological issues chapters are updated providing an inclusive discussion of the current research and the theoretical and empirical future of crime and deviance this handbook is of great interest for advanced undergraduates graduates students researchers and scholars in criminology criminal justice sociology and related fields such as social welfare economics and psychology

this handbook provides a comprehensive introduction to and overview of the operation of the american criminal justice system five sections cover the purposes and functions of the system its problems and priorities and its main institutions policing prosecution and sentencing and corrections

the historical study of crime has expanded in criminology during the past few decades forming an active niche area in social history indeed the history of crime is more relevant than ever as scholars seek to address contemporary issues in criminology and criminal justice thus the oxford handbook of the history of crime and criminal justice provides a systematic and comprehensive examination of recent developments across both fields chapters examine existing research explain on going debates and controversies and point to new areas of interest covering topics such as criminal law and courts police and policing and the rise of criminology as a field this handbook also analyzes some of the most pressing criminological issues of our time including drug trafficking terrorism and the intersections of gender race and class in the context of crime and punishment the definitive volume on the history of crime the oxford handbook of the history of crime and criminal justice is an invaluable resource for students and scholars of criminology criminal justice and legal history

the first handbook of new zealand criminology for students and practitioners with chapters by leading scholars of criminology from across the country the aotearoa handbook of criminology represents a state of the art account of crime and criminal justice in aotearoa new zealand the handbook is structured into four parts that explore the politics of researching and representing crime key types of crime the workings of criminal justice and the differential experiences of crime and justice the handbook outlines the foundations of current approaches to crime victims and offenders alongside critical decolonising and feminist perspectives on criminological ideas

and practices fully referenced and with study questions and further reading the aotearoa handbook of criminology will be a critical resource to new zealand students and practitioners it will also help propel future improvements to how we define crime how we prevent it and how we can respond in much better ways to those who are victimised by crimes and wider harms

this interdisciplinary handbook brings together into one coherent volume a range of international authors who firmly establish the relevance of war within the discipline of criminology the chapters address emerging and prevailing issues in the criminological study of war including state crime corporate crime victimology genocide policing security and various forms of violence taking a critical standpoint including feminist cultural and radical approaches amongst others the handbook is split into five clear sections 1 the criminogenic contexts of war 2 violence and victimization at war 3 violence war and security 4 perpetrators of violence and the aftermath of war and 5 cultural and methodological developments for a criminology of war edited by two leading experts in the field this handbook provides an original point of reference on the contemporary debates and applications of criminology and war and will be a key resource for academics and students across criminology international relations critical military studies military sociology peace studies and law

this handbook offers a comprehensive examination of crimes as public policy subjects to provide an authoritative overview of current knowledge about the nature scale and effects of diverse forms of criminal behaviour and of efforts to prevent and control them

crime science is precisely what it says it is the application of science to the phenomenon of crime this handbook intended as a crime science manifesto showcases the scope of the crime science field and provides the reader with an understanding of the assumptions aspirations and methods of crime science as well as the variety of topics that fall within its purview crime science provides a distinctive approach to understanding and dealing with crime one that is outcome oriented evidence based and that crosses boundaries between disciplines the central mission of crime science is to find new ways to cut crime and increase security beginning by setting out the case for crime science the editors examine the roots of crime science in environmental criminology and describe its key features the book is then divided into two sections the first section comprises chapters by disciplinary specialists about the contributions their sciences can make or have already made to crime science chapter 12 of this book is freely available as a downloadable open access pdf at [taylorfrancis.com](http://taylorfrancis.com) under a creative commons attribution non commercial no derivatives cc by nc nd 4 0 license

crime is one of the most significant political issues in contemporary american society crime control statistics and punishment policies are subjects of constant partisan debate while the media presents sensationalized stories of criminal activity and over crowded prisons in the highly politicized arena of crime and justice empirical data and reasoned analysis are often overlooked or ignored the handbook of crime and punishment however provides a

comprehensive overview of criminal justice criminology and crime control policy thus enabling a fundamental understanding of crime and punishment essential to an informed public expansive in its coverage the handbook presents materials on crime and punishment trends as well as timely policy issues the latest research on the demography of crime race gender drug use is included and weighty current problems organized crime white collar crime family violence sex offenders youth gangs drug abuse policy are examined processes and institutions that deal with accused and convicted criminals and techniques of punishment are also examined while some articles emphasize american research findings and developments others incorporate international research and offer a comparative perspective from other english speaking countries and western europe editor michael tonry a leading scholar of criminology introduces the 28 articles in the volume each contributed by an expert in the field designed for a wide audience the handbook is encyclopedic in its range and depth of content yet is written in an accessible style the most inclusive and authoritative work on the topic to be found in one volume this book will appeal to those interested in the study of crime and its causes effects trends and institutions those interested in the forms and philosophies of punishment and those interested in crime control
