over the past two decades public accountability has become not only an icon in political

managerial and administrative discourse but also the object of much scholarly analysis across a broad range of social and administrative sciences this handbook provides a state of the art overview of recent scholarship on public accountability it collects consolidates and integrates an upsurge of inquiry currently scattered across many disciplines and subdisciplines it provides a one stop shop on the subject not only for academics who study accountability but also for practitioners who are designing adjusting or struggling with mechanisms for accountable governance drawing on the best scholars in the field from around the world the oxford handbook of public accountability showcases conceptual and normative as well as the empirical approaches in public accountability studies in addition to giving an overview of scholarly research in a variety of disciplines it takes stock of a wide range of accountability mechanisms and practices across the public private and non profit sectors making this volume a must have for both practitioners and scholars both established and new to the field

drawing on the best scholars in the field from around the world this handbook showcases conceptual and normative as well as the empirical approaches in public accountability studies

this book looks at the concepts of public accountability and transparency the two critical prerequisites of good governance covering a wide range of institutions governmental and non governmental the precepts of public accountability and transparency are examined in the wider context of parliamentary institutions and their procedures and practice electoral reforms the executive wing of the government the corporate sector the cooperative sector the judiciary the media and civil society

research paper postgraduate from the year 2015 in the subject politics region africa language english abstract the study stems out of the growing concern among key governance stakeholders such as citizens civil societies political parties international development organizations among other actors on the need to ensure accountability of public officials and improved public service delivery the paper employs historical method to reveal the essence and domains of the concept of public accountability the study traces the roots of the word and provides the justification for accountor and accountee behavior and relationship finally the study outlines the importance of the concept in modern day politics

a research and action guide for labor and community groups working for economic justice and community empowerment a guide to state and local laws that curb corporate abuse of public

money describes recent labor and community campaigns including successful wage and environmental justice campaigns and the fight to win accountability laws in two states each campaign brought together labor community and environmental groups

the most comprehensive survey to date of how different organizations hold persons acting in the public interest to account

conference papers on profitability accountability and social responsibility of public enterprises in india reviews state intervention and role of the public sector in industrial development and economic development discusses management policy management audit evaluation techniques etc gives recommendations conference held in new delhi 1979

drawing on the best scholars in the field from around the world this handbook showcases conceptual and normative as well as the empirical approaches in public accountability studies

this publication examines the basic architecture of accountability in the canadian system of governance and public administration in the light of changes in the practice of governance and public administration this architecture is built upon the foundation of responsible government the constitutional convention that provides the democratic basis of the canadian system of parliamentary government

this paper focuses on the challenges of ensuring public accountability in the indian context the urgent need for accountability of public servants in india elected as well permanent emanates from the large scale perception about lack of responsiveness with respect to results and outcomes for citizens and customers of public services in real terms there is a trust deficit with regard to public services in general and the quality of public services in particular the complex nature of public accountability lead to blurring of the issues which could be critical for ensuring the same in the delivery of public services the extant literature clearly shows that a narrowly defined public accountability is one of the reasons contributing to inefficient public accountability the fundamental issue therefore is to define public accountability in the context of changing public policy and public management discourse in india the paper discusses these emerging dimensions of public accountability in the indian context the definition of public accountability the need for exercising accountability the issues involved in poor accountability effective ways to exercise accountability and ensuring accountability in indian context are the aspects analysed in this paper

with reference to india

in the wake of the exxon valdez oil spill a conservation trust helped stabilize and regenerate the damaged area when bird habitats along the platte river were threatened by grayrocks dam a similar trust came to their rescue and if a family wants to protect its land for future generations establishing a trust may be the best solution for more than a century bequests of land and funds for environmental protection have been common but in recent decades the trusts used to address conservation issues and resolve environmental disputes have diversified and grown significantly this book examines a variety of conservation organizations built on or close to trust principles some government creations some private some combinations of the two to explain how conservation trusts are created and how they work it explores strengths and weaknesses of the trust concept considers the widespread use of land trusts and presents case studies that both illustrate successes and give instructive examples of potential pitfalls drawing on cases from maine to hawaii the authors examine the different kinds and configurations of trusts they consider government trusts that blend federal state and local agencies into a single entity or that derive funding from outside legislative and executive channels trusts established by government and private cooperation to share responsibility for jointly held and managed resources and trusts established by private organizations and families for each type they explain why each is created how it operates and whether it has been proven effective they also address the important issue of accountability and consider when a trust is not the answer to a problem as more americans reject federal control of land in favor of local determination land trusts have become the most popular tool for the preservation of land habitats and species and as the sharing of authority among public private and diverse government partners becomes more prevalent sound guidelines for establishing effective trusts are critical this book shows how the trust template provides an invaluable approach for future conservation efforts and is a primer for anyone involved in environmental management

this book seeks to consistently explain the role of ideas and institutions in policy outcomes and addresses the problem of how resource nationalism causes a deficit of public accountability in oil producing countries from latin america and the caribbean the authors present a causal mechanism linking ideas and policy outcomes through institutional arrangements focusing on policy design to describe the role of instruments selection and combination in improving or reducing public accountability through agenda setting policy formulation cross sectorial coordination and political interplays

having a fair society hinges on what George Washington said in 1796 that citizens will mean well and act well if they obtain a right understanding of matters much of this understanding should come from the answering of people in authority they must tell us before the fact their action intentions their reasoning and their performance standards for their important responsibilities such as in safety and health social justice and environmental protection this book explains how citizens can shift from powerlessness to ultimate control by exacting full and fair answering from authorities at all levels

ideally the public fund behind this insurance would be derived from a progressive income tax book jacket
