the past two decades have witnessed increasing opposition to mafia influence and activities in Italy. Community organizations such as Libera founded in 1995 and Addiopizzo originating in 2004 exemplify how Italian society has tried to come together to promote antimafia activities. The societal opposition to mafia influence continues to grow and the internet has become a frontline in the battle between the two groups. The Italian antimafia new media and the culture of legality is the first book to examine the online battles between the mafia and its growing cohort of opponents while the mafia's supporters have used internet technologies to expand its power, profits and violence. Antimafia citizens employ the same technologies to recreate Italian civil society. The contributors to this volume are experts in diverse fields and offer interdisciplinary studies of antimafia activism and legality in online journalism, Twitter, YouTube, digital storytelling, blogs, music and photography. These examinations enable readers to understand the grassroots Italian cultural revolution which makes individuals responsible for promoting justice, freedom and dignity.

This edited volume examines the ways that global media shapes relations between place, culture and identity. Through the included essays, Chopra and Gajjala offer a mix of theoretical reflections and empirical case studies that will help readers understand how the media can shape cultural identities and conversely how cultural formations can influence the political economy of global media. The interdisciplinary international scholars gathered here push the discussion of what it means to do global media studies beyond uncritical celebrations of the global media technologies or globalization as well as beyond perspectives that are a priori dismissive of the possibilities of global media. Some of the key questions and themes that the international contributors explore within the text include: Is the global audience of global television the same as the global audience of the internet? Can we conceptualize the global culture media identity dynamic beyond the discourse of postcolonialism? How does the globalization of media affect feelings of nationalism? How is the growth of a consumer global middle class spread and resisted through media? Global media identity and culture takes a comparative media approach to addressing these and other issues across media forms including print, television, film and new media.

This book explores the form, dynamics and main reasons for media capture and conspiracy between editors

and executive politicians in central and eastern europe cee since 2000 situated in the literatures on europeanization democratization party studies and media studies the book aims to connect these fields by showing that internal party dynamics play an important role in motivating executive politicians to hijack or collaborate with media against this backdrop the book tells the story of croatian journalism in the context of media mafia conglomerates political corruption and media hijacking and examines how traditional democratic drivers that the literature frequently cites such as europeanization and party competition failed to prevent systematic transgressions by politicians methodologically the book takes a two pronged approach first nearly 50 interviews were conducted with croatian investigative journalists from which the narratives about the relationships between government politicians and editors over 15 years were reconstructed in a second step a sample of 40 000 media articles was subjected to a computational sentiment analysis covering the same 15 year period and showing high levels of cooperation between corrupt politicians and corrupt media outlets

the media the mob exploring the mafia mystique is a fascinating look at the world of media stereotyping its a complex issue shaped in large part by misperceptions the need at times to hype stories for promotional purposes and by some insensitivities incurred by writers in their haste to get stories completed this book examines one of the most pervasive ethnic stereotypes that of italians and italian americans and organized crime while ethnic stereotyping is certainly not the sole province of italians it has certainly been one of the most prevalent in both entertainment and news media alike in this book quartararo has given the reader an inside look into the mindset of a large news media organization and the process it used for vetting news stories along with insights into the perceptions and misperceptions that can be created in how news stories are packaged and presented while this meeting between italian american representatives from academia politics and the community at large and high level television broadcast news executives took place 30 years ago the discussion is as relevant today as it was then both sides came away with a better understanding and appreciation of the other we hope the reader will do the same

courageous reporting read this book michael moore x000b original hardback edition of this new york times bestseller

known for its engaging and accessible writing style this probing text covers the traditional areas of criminology but also addresses questions of popular concern and policy debate using systematic evidence to explore such topics as deterrence and incapacitation race and social class the rights of the accused and domestic violence challenging readers to think about even the most obvious and commonsense ideas in terms of the evidence that might support or contradict it the text delves even deeper encouraging them to see the connection between abstract theoretical propositions and the reality they see everyday in their own lives and in the media using a highly perceptive lively and absorbing writing style to make serious ideas and evidence easily understandable to a wide range of readers the book integrates interesting boxes throughout to bring experientially distant ideas closer and make concepts more relevant on campus boxes highlight crime and other topical issues as they relate to campus life and crime in the news boxes take items from newspapers to illustrate ideas and provide models for discussing current cases and issues reviewer richard wright from the university of scranton says the text offers insightful typologies of crime presenting a superb comparison of the interactionist a cultural and structural explanation of homicide a first rate discussion of felony murder and exemplary sections on bookmaking and loansharks features new to this edition include an increased number of graphs and tables to help readers get a better grasp of quantitative data chapter key terms chapter outlines and a thorough end of book glossary for better understanding and lucid discussions on hirschi and gottfredson s self control theory community policing and date rape for sociologist and criminologists

this text includes complete discussion of theories of organized crime major forms of organized crime and deterrence it goes beyond other texts in providing a thorough discussion of the history of organized crime as well as emerging new crime organizations

peter thiel elon musk and the rest of the paypal mafia are now household names who ve reshaped technology automobiles space travel and politics but two decades ago they were unsung entrepreneurs attempting to launch a silicon valley startup against overwhelming odds that improbable journey started in the shadow of stanford university when thiel met max levchin a ukrainian engineer who recently moved to california years before anyone had heard of bitcoin the two set out to build an online payment

service that could reduce government control over currency by empowering people around the globe but after their startup paypal survived the dot com crash only to find itself besieged by an unimaginable series of challenges that lofty dream threatened to become a nightmare former insider eric m jackson s telling of paypal s origins is an eyewitness account to technology history as well as an engrossing story of human struggle and perseverance against overwhelming odds paypal went from unknown startup to online powerhouse in just three years but for the company s team it was not an easy journey the entrepreneurs that joined together to overhaul world currency markets first had to face one of the greatest series of trials ever thrown at a startup before becoming part of silicon valley lore jackson s lively blow by blow account of paypal s death defying beginnings and ferocious battles offers a detailed perspective that only an eyewitness could provide read the paypal wars and you ll learn how elon musk joined with peter thiel and how the two future titans would soon square off to control the company organized crime attempted to ransack paypal but the company fought back government bureaucrats and regulators ferociously tried to shut down the upstart payments service turmoil pushed paypal to the brink of insolvency before thiel and his team turned the business around our clashes with the credit card associations the banking lobby state regulators foreign mafioso and litigation happy lawyers significantly increased as the company s profile grew writes jackson adding that the initial public offering that was meant to strengthen paypal with an infusion of cash ironically attracted a rogue s gallery of foes instead the modern business environment jackson concludes turned out to be more hostile than even our fiercest competitor this somber warning that regulators lawyers and lobbyists threaten to undermine american entrepreneurship makes the paypal wars a timely read for every concerned citizen
