from the schoolroom to the boardroom everyone succeeds or fails by the rules of personal branding understand why and how in this guide to shaping your life personal branding isn't the product of ad agencies or corporations it's a continuous process that's as old as society a personal brand the values abilities and personality traits people associate with you affects your career your relationships your life it this work teaches the secrets that can turn the right personal brand into an engine for unlimited success and wealth

personal branding in the knowledge economy the interrelationship between corporate and employee brands aims to contribute to the academic debate about the marketization of individuals knowledge creativity and personal images alongside a growing interest in the whole area of branding in the networked economy based on knowledge personal branding and personal knowledge are critical assets of knowledge workers and key drivers of their development and innovative performance both strongly influence the individual success of knowledge workers in the networked and knowledge driven economy personal brands are dynamically shifting from the side lines to the center of the modern economy and the authenticity of the brands of personal ingredients for their ability to create value they are one of the three key pillars of value creation in the social media environment therefore significantly contribute to digital business models the book will be of interest to researchers academics professionals and students in the fields of organizational branding marketing management and communications

this book will discuss several dimensions of building a personal trademark unlike other books on this subject this book will focus

on the how an individual can move from local labor to global talent in the new world defined as enterprise 2.0 enterprise 2.0 commonly refers to organizations that operate under an open communication model where interaction and communication is encouraged from the top down enterprises are accomplishing this feat by not only addressing the technology requirements of 2.0 but the social and organizational changes required to sustain a competitive advantage in the 2.0 environment these physical trademarks have been replaced by more meta physical ones such as logo slogans and reputation still like every organization we must learn to build both the physical and meta physical trademarks in order to compete in the next 25 years

brands corporate products service today are collectively defined by their customers deriving from personal experiences and word of mouth this book acts as a forum for examining current and future trends in corporate branding identity image and reputation recognising the complexity and plurality at the heart of the corporate branding discipline this book fills a gap in the literature by posing a number of original research questions on the intrinsic nature of corporate branding ideas from corporate external and organisation internal identity perspectives as they relate to brand management corporate reputation marketing communications social media smart technology experiential and sensory marketing it incorporates current thinking and developments by both multidisciplinary academics and practitioners combining a comprehensive theoretical foundation with practical insights the text will serve as an important resource for the marketing identity and brand practitioners requiring more than anecdotal evidence on the structure and operation of stakeholders communication in different geographical areas it determines current practices and researches in diverse areas regions and commercial and non commercial sectors across the world the book provides scholars researchers and postgraduate students in business and marketing with a comprehensive treatment of the nature of relationships between companies brands and stakeholders in different areas and regions of the world

this volume explores the ways in which knowledge and innovation impact business and economic sustainability offering a wide

ranging and richly illustrated study of knowledge innovation and sustainability of organizations from a dynamic capabilities perspective in organizational theory dynamic capability is defined as an organization's ability to react and adapt adequately and rapidly to external change in today's global economy pursuing sustainable strategies and practices is critical to organizational success complying with externally and internally imposed sustainability targets might initially appear as a restriction for organizations however they can be transformed into a new set of opportunities this means that the classic ways in which management absorbs the experiences associated with evolving conditions organizational frameworks and markets must be reconsidered in light of the preservation of the technological environmental and social ecosystems featuring research and case studies from sectors such as ngos smes education and agriculture this book offers students academics practitioners and policymakers a multi faceted understanding of how and why knowledge innovation and sustainability are intricately linked and offers insight into best practices that balance organizational and societal needs

why is personal branding so important today at one time superior skills great resources and inside knowledge gave you a competitive advantage now they are merely prerequisites if you even hope to compete in today's marketplace our personal brand the word or phrase we want others to think of when they think of us is all that is left to differentiate us from the pack because your personal brand is uniquely about you it will never become a commodity statistics overwhelmingly show people buy personalities and ideas long before they buy products or services the challenge for most professionals is that they lack the discipline necessary to define their personal brands as a result their peers select it for them unfortunately the personal brand others select for you will not always be the personal brand you would have selected for yourself this is where the personal branding group comes in descripción del editor

recent advances in digitization are transforming healthcare education tourism information technology and some other sectors

social media analytics are tools that can be used to measure innovation and the relation of the companies with the citizens this book comprises state of the art social media analytics and advanced innovation policies in the digitization of society the number of applications that can be used to create and analyze social media analytics generates large amounts of data called big data including measures of the use of the technologies to develop or to use new services to improve the quality of life of the citizens digitization has applications in fields from remote monitoring to smart sensors and other devices integration generates data that need to be analyzed and visualized in an easy and clear way that will be some of the proposals of the researchers present in this book this volume offers valuable insights to researchers on how to design innovative digital analytics systems and how to improve information delivery remotely

conley offers an investigation into our culture of obsession and requires us to consider the grave ramifications of our branded world

doctoral thesis dissertation from the year 2011 in the subject business economics offline marketing and online marketing course ph d language english abstract private labels occupy a significant share of organized retail in europe and united states with recent growth of organized retail in india private labels also emerged in indian retail landscape though private labels arrived in india long back but still private labels have not picked up in india the way they have picked up in other countries many of the indian retailers like shoppers stop future group tata s croma and aditya birla retail s more spenser s etc are relying on private label strategy in a big way as consumers seek quality products at affordable prices besides rapid technological and socio economic changes over the last decade have affected the buying behavior of consumers forcing retailers to innovate and build new brands private brands store brands across different categories and various price points to attract more buyers to their stores they have not only created new labels but have customized and localized those products to suit indian tastes private labels have attracted

attention of researchers from the western world for a long period of time in india even after introduction of private labels by retailers very few studies have been conducted to understand different dimensions like introduction and management of private labels by retailers and adoption by indian consumers the book presents an analysis of consumer perception and attitude towards private labels in india which is the outcome of study conducted in ncr region in india during 2008 2010
