excerpt from the law of civilization and decay an essay on history in offering to the public a second edition of the law of civilization and decay i take the opportunity to say emphatically that such value as the essay may have lies in its freedom from any preconceived bias all theories contained in the book whether religious or economic are the effect and not the cause of the way in which the facts unfolded themselves i have been passive the value of history lies not in the multitude of facts collected but in their relation to each other and in this respect an author can have no larger responsibility than any other scientific observer if the sequence of events seems to indicate the existence of a law governing social development such a law may be suggested but to approve or disapprove of it would be a futile as to discuss the moral bearings of gravitation some years ago when writing a sketch of the history of the colony of massachusetts bay i became deeply interested in certain religious aspects of the reformation which seemed hardly reconcilable with the theories usually advanced to explain them about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are

intentionally left to preserve the state of such historical works

linear and progressive views of history have dominated the popular imagination for the past seventy years in a worldview wedded to the inexorable rise of globalisation and gdp growth at any cost however the end of the cold war failed to produce the end of history as hoped a fact brought home to many by russia's invasion of ukraine in 2022 material wealth and progress in the name of social justice have not made people happier or more united but quite the opposite anxiety depression fearfulness sadness loneliness and anger have all massively increased since 1970 with the male suicide rate at an all time high western society seems to be divided against itself across every line conceivable left versus right women versus men non whites versus whites globalists versus populists the elites versus the people people who think that men can be women and vice versa versus those who insist that they cannot and so on seventy three percent of americans believe their country is on the wrong track with similar views reflected in britain and across europe the prophets of doom explores eleven thinkers who not only dared to contradict the dominant linear and progressive view of history but also predicted many of the political and social maladies through which we are living

the law of civilization and decay is a classic book which describes how the rise and fall of civilizations follows a cycle

the ottoman empire 1299 1923 existed at the crossroads of the east and the west neither the history of western asia nor that of eastern europe can be fully understood without knowledge of the history of the ottoman empire the question is often raised of whether or not economic thinking can exist in a non capitalistic society in the ottoman empire like in all other pre capitalistic cultures the economic sphere was an integral part of social life and elements of ottoman economic thought can frequently be found in amongst political social and religious ideas ottoman economic thinking cannot therefore be analyzed in isolation analysis of economic thinking can reveal aspects of the entire world view of the ottomans based on extensive archival work this landmark volume examines ottoman economic thinking in the classical period using three concepts humorism circle of justice and household economy basing the research upon the writings of the ottoman elite and bureaucrats this book explores ottoman economic thinking starting from its own dynamics avoiding the temptation to seek modern economic theories and approaches in the ottoman milieu

this pioneering research brings into focus the islamic contribution and influence in the development of the modern law of the sea

this volume brings together articles on the cultural religious social and commercial

interactions among jews christians and muslims in the medieval and early modern periods written by leading scholars in jewish studies islamic studies medieval history and social and economic history the contributions to this volume reflect the profound influence on these fields of the volume s honoree professor mark r cohen

for fans of j r r tolkien and c s lewis discover the story behind their unique friendship forged in the darkness of world war ii and how it inspired the stories of the lord of the rings the hobbit the chronicles of narnia and mere christianity in a world devastated by the cataclysm of war two extraordinary authors and friends j r r tolkien and c s lewis delivered a bracing vision of the human story a path back to goodness beauty and faith how did they do it for the first time historian joseph loconte explains how the catastrophe of world war ii transformed the lives and literary imagination of tolkien and lewis the mechanized slaughter of the first world war had created a storm of disillusionment with the political and religious ideals of western civilization the new ideologies of modernism communism nazism and totalitarianism rushed to fill the vacuum at stake was a contest between civilization and barbarism tolkien and lewis sought each other out in friendship and threw themselves into the struggle the war for middle earth explores how their most beloved works the hobbit the lord of the rings the chronicles of narnia mere christianity were conceived in the shadow of the most devastating and dehumanizing war in history like no other authors of their age tolkien and lewis used their imagination to reclaim for their generation and for ours those deeds of valor and virtue and love that have always kept a lamp burning even in the deepest darkness in the war for middle earth you will be inspired by tolkien s and lewis s christian imagination which even today has the power to transform hearts desperate for hope and truth find encouragement and strength to resist evil in our own day discover how a biblical view of truth and beauty can light the path out of the deepest darkness combining a careful study of history and compelling storytelling the war for middle earth reveals the remarkable achievement of these authors and friends a recovery of heroism and faith despite deep sorrow and suffering here are enduring lessons for today s cultural moment and essential reading if you want to discover how great stories can reveal great truths
