this book is a philosophical investigation of the significance of humor and laughter examining its relation to other human phenomena including truth nihilism dreams friendship intimacy aesthetic experience self transcendence and education the author addresses the relative neglect of humor and laughter among philosophers of education with this volume where the focus is on the significance of humor and laughter for human flourishing central questions are threaded through this work what does the study of humor and laughter bring to philosophy and specifically to philosophy of education how is humorist thinking different from other modes of human knowing what might happen if we were to respond to the absurdity of human existence with humor and laughter what insights can be learned from a philosophical investigation of humor in relationship to other human phenomena such as dreams friendship intimacy aesthetic experience and self transcendence and finally how can humor and laughter enhance human existence and flourishing the author presents groundbreaking insights into what can be gained from a study of humor and laughter about human existence in general and flourishing in particular this work will be of interest to philosophers especially philosophers of education as well as to teachers and educators its unique blend of philosophical investigation and humorous discourse is both a rigorous and accessible analysis of humor

the emergence of positive psychology has highlighted the importance of studying the good life and how to attain it positive life outcomes such as well being thriving flourishing and happiness were discussed and investigated among them different orientations to happiness were identified such as a life of pleasure life of meaning and life of engagement other outcomes such as subjective and objective fulfillment in life or societal recognition have been less studied among the characteristics that facilitate positive outcomes the via classification of strength and virtues distinguishes 24 strengths with humor playfulness being one of them only a small segment of humor entered the definition of humor as character strengths namely the parts that contain some goodness humor as a character strength facilitates a lot of positive outcomes such as positive emotions and positive relationships and there is a lightness accompanying humor playfulness the field is broader though and transcends the definition of humor as used in positive psychology in at least two ways first there is actually a family of overlapping but still distinct concepts with different research traditions we include next to humor

and types of humor also laughter playfulness and cheerfulness we think that more research is needed on how they do overlap and what makes them distinct second while positive psychology is interested in the goodness of we do want to stress that there is the need to study the non virtuous parts as well that is laughter may not only be expressing amusement but scorn directed at people humor may be benevolent but there is also sarcasm and playfulness may elicit positive emotions but also risk prone and immature types of behavior therefore the aim of this research topic was to collect current perspectives on humor playfulness laughter and cheerfulness in both adults and children to study their full diversity but also interrelations and overlapping features to introduce new instruments or ways for their assessment in future studies and to study their causes and consequences in a variety of life domains we encouraged studies on differences due to gender or nationality the embodiment in different groups e g class clowns psychiatric patients or whether or not they can be trained we also welcomed contributions from adjacent disciplines e g education leisure studies or therapy counseling and different regions of the earth the outcome is a set of 33 manuscripts from altogether 101 authors not all areas are covered and not all aims were met while we made progress there is much left to do in this sense the merging of these topics may be the first milestone but like every milestone it only marks the beginning of a long journey

this book provides a comprehensive review of the state of the art on the adaptive and maladaptive functions of humor humor is inescapable in our daily interactions also at the work place affiliative self enhancing self deprecating and aggressive humor can all occur at work and have unique and sometimes ambiguous effects the volume presents humor research on five important workplace topics teams leadership negotiation learning and health it combines and integrates research from a range of fields including work and organizational psychology social psychology communication linguistics and sociology in highlighting research gaps and stating future research questions the book provides a sufficient starting point for further research on humor in relation to the aforementioned topics for practitioners recommendations are provided specific to each area

laughter is a general term that encompasses many notions and defines different realities it is also plural and includes various particular

meanings and different situations such as situational comedy irony mockery jokes jokes derision which are weapons of counter power and also I humor humorous drolleries whether subtle or subtle are designed within society to provoke laughter it is a way like many others to have fun and thus escape the pains and worries of life understanding the status of humor in these different realities of laughter makes it necessary to define beforehand their various semantic fields and to return to their restricted and more precise meaning laughter is social it is a mode of communication allowing assertiveness and having a sociability function it is both aggressiveness and refuge a factor of union rather than exclusion it is also a cultural phenomenon which functions differently in different societies indeed laughter is prescribed authorized or prohibited according to the subjects according to the age the sex the social status the socio cultural framework the object of the message the transmitters as a result he is the laughter is social multifunctional and polysemous socrates plato aristotle descartes kant schopenhauer nietzsche bergson freud and contemporary writers all saw the importance of the phenomenon of laughter and tried to understand its meaning and mechanisms they defend the uniquely human character of laughter claim that it is unique to humans and an expression of life and believe that many forms of laughter celebrate social bond laughter is finally a way of taking a forbidden pleasure taking a detour which is why it is truly human in the sense that it helps to brighten up life and soothe its worries the funny stories that i present in this book are listed in alphabetical order relative to the title assigned to each of them amor abbassi

dive into the complex and often misunderstood world of dark humor with this thought provoking exploration of its role in society culture and human psychology from dark humor trends to the therapeutic benefits of laughter this book dissects how taboo subjects controversial themes and edgy jokes shape our understanding of comedy and ourselves discover the psychology behind why we laugh at tragedy and explore the sociology of offensive humor as it challenges social norms and pushes boundaries through insights into neuroscience cultural sensitivity and meme culture readers gain a deeper appreciation for the fine line between empowerment and offense in modern comedy this groundbreaking work also examines ai generated satire virtual platforms for edgy humor and emerging innovations that are redefining what it means to be funny responsibly with discussions on free speech debates legal issues surrounding
