in reengineering the corporation michael hammer introduced to reengineering success he and his colleague steven stanton offer practical guidance on the principles of reengineering the book contains case studies and examples and takes the mystery out of reengineering

anyone can join the positive revolution all you need is creativity historically revolutions have been negative defining overthrowing or destroying an enemy fuelled by a sense of mission and direction after victory however this energy often races on causing factionalism and strife among the victors the positive revolution also has energy and direction but its opponents are entrenched patterns in thought progress maintains edward de bono whether on a personal or global scale depends on thinking and behaviour that are positive and constructive the world today is undergoing dramatic often violent changes and human behaviour is frequently shaped by guilt and negativity to lift this dark cloud and create positive revolution we need to rely more on humour a key element in changing perception in this inspiring book edward de bono demonstrates clearly and simply how we can learn to think and interact constructively efficiently and with respect for core human values

this book provides an abbreviated history of the american revolution

an informative overview of the american revolutionary war featuring studies on battles campaigns belligerents women technology statistics and more this remarkable new handbook makes studying the revolutionary war simple and pleasurable the authors use clear and concise writing broken down into short and easy to understand chapters complete with original maps tables charts and dozens of drawings to trace the history of the revolution from the beginning of the conflict through the final surrender in 1783 the new american revolution handbook includes a wide range of topics and subjects many of which are ignored or glossed over in traditional texts in addition to the traditional study of battles and campaigns savas and dameron provide topical focus on such subjects as women native americans african americans the dutch the germans the spanish the french technology numbers and losses and much more the handbook also covers military organizations the armies and navies commanders on both sides and references and recommendations for additional detailed research experienced readers will readily identify the value of ship lists organizational charts and flags of the war never has so much invigorating material been packed into such an easy to read book exciting informative educational and highly motivating the new american revolution handbook will be an especially useful tool for both students and teachers as a quick fact reference book or as a leisure read it will provide hours of exploration and immersion into a fascinating world at war that continues to impact our lives today

the oxford handbook of the american revolution draws on a wealth of new scholarship to create a vibrant dialogue among varied approaches to the revolution that made the united states in thirty three essays written by authorities on the period the handbook brings to life the diverse multitudes of colonial north america and their extraordinary struggles before during and after the eight year long civil war that secured the independence of thirteen rebel colonies from their erstwhile colonial parent the chapters explore battles and diplomacy economics and finance law and culture politics and society gender race and religion its diverse cast of characters includes ordinary farmers and artisans free and enslaved african americans indians and british and american statesmen and military leaders in addition to expanding the revolution s who the handbook broadens its where portraying an event that far transcended the boundaries of what was to become the united states it offers readers an american revolution whose impact ranged far beyond the thirteen colonies the handbook s range of interpretive and methodological approaches captures the full scope of current revolutionary era scholarship its authors british and american scholars spanning several generations include social cultural military and imperial historians as well as those who study politics diplomacy literature gender and sexuality together and separately these essays demonstrate that the american revolution remains a vibrant and inviting a subject of inquiry nothing comparable has been published in decades
