this book is concerned about the earliest period of islam when it first appeared in the seventh century the rise of islam gives an indispensable information regarding prophet

muhammad who carried the noble message from heaven to earth the age of the first four caliphs who succeeded the prophet and bear the responsibility after him is exclusively illustrated such period was the backbone other subsequent enlightening ages were based upon these ages witnessed the rising of islamic civilization that took the lead of the world for some centuries

research paper postgraduate from the year 2009 in the subject theology historic theology ecclesiastical history grade a prairie bible institute course history of the growth of christianity language english abstract muhammad ibn abdullah the last prophet and founder of islam is one of the most influential people who walked on this earth by the time of the prophet s death at the age of sixty two he had brought into existence a dynamic movement that would carry islam through the centuries and across the continents birthing empires transforming the sciences and challenging economic cultural and political systems considering the religion of islam one may wonder who this muhammad the last prophet was and how his instructions were shaped by the cultural economical social and religious environment in which he lived the other questions that may rise are how this small movement could become within centuries the dominant religion of the mediterranean and why christianity was not able to stop it this essay will propose that it was due to the lack of unity among christians on the one hand and on the other hand to muhammad s attractive instructions about brotherhood and solidarity among his followers fervour faith simplicity of islam moral values and the use of the sword that islam augmented so rapidly and displaced christianity

this classic biography is not a religious text designed to either celebrate or denigrate islam it looks at mohammed as a towering figure of culture and politics a man who achieved the extraordinary uniting disparate arab tribes into a more cohesive whole this book remains an important work for anyone wishing to understand the roots of one of the most intractable sociopolitical divides between east and west muslim and christian still haunting the world today author david s margoliouth 1858 1940 a professor of arabic at oxford university worked from primary arabic texts and omitted all anecdotes that are obviously or most probably fabulous resulting in a clear headed history of a highly contentious moment in time

the fall of capitalism and the rise of islam provides a critical analysis of the current

financial crisis in the us and the world at large it concludes that the current crisis could very well be a sign of failure of the underlying system of capitalism the book shows that the system of capitalism contains serious faults and defects at the core theory level economic and financial crisis periodically occur whenever these defects are triggered by various conditions and political decisions during the life of capitalism the collapse of financial institutions the crash of the housing market the evaporation of trillions of dollars the creation of virtual unreal wealth and the decline of productivity are symptoms of the potential failure of the ideology of capitalism this failure has serious impact on the life quality of billions of people around the world who suffer from poverty hunger health insecurity lack of education and serious inhuman conditions the world order under capitalism witnessed multiple world wars political and economic instability colonialism absence of peace deprivation of justice and polarization of wealth and power this book predicts a potential crash and collapse of the world order under the pressure of a failing capitalism concurrent to the decline and potential collapse of capitalism the book makes an account of another global phenomenon namely the second rise of islam the rise of islam similar to the first one that lasted for thirteen hundred years is a comprehensive rise that brings up the economic system together with the political system and the moral system together with the legal system it is much needed and sought to introduce to the world a system full of justice fairness and geared toward productivity and human righteousness the new rise of islam is argued to be in the best interest of the human societies around the world and that the propagated fear of this rise is unfounded the book provides a detailed description of the economic system and the political economy of islam it provides compelling evidence that the islamic political economy characterized by sustained productivity and wealth distribution guarantees the satisfaction of the basic needs of a human the islamic political economy integrates several mechanisms for natural distribution of wealth while it maintains a high level of productivity through the inhibition of usury hoarding and exploitation the fall of capitalism and the rise of islam makes extensive references to a score of historians scholars and scientists who provide a fair testimony of the islamic civilization and the ideology of islam

using a multidisciplinary approach that utilizes psychoanalysis and normative sociology the author discusses the implications for the theory and study of groups and group formation in history via the life and work of muhammad warrior statesman and messenger of god and the development and rise of islam during his lifetime

eaton ranges over all the important aspects of that community's history whether political and social or cultural and religious this study must rank among the finest contributions to south asian scholarship to appear for some while

covers the history of the muslim religion from its founding by muhammad through its spread among arabs and other peoples

this book examines the lives of the key men and women from islamic history

learn about the spread of culture from middle east throughout europe find out about persia mohammad and the spread of islam and the beginnings of the holy roman empire in this fascinating book

the emergence of islam in the seventh century ad still polarises scholars who seek to separate religious truth from the historical reality with which it is associated however history and prophecy are not solely defined by positive evidence or apocalyptic truth but by human subjects who consider them to convey distinct messages and in turn make these messages meaningful to others these messages are mutually interdependent and analysed together provide new insights into history it is by way of this concept that olof heilo presents the decline of the eastern roman empire as a key to understanding the rise of islam two historical processes often perceived as distinct from one another eastern rome and the rise of islam highlights significant convergences between early islam and the late ancient world it suggests that islam's rise is a feature of a common process during which tensions between imperial ambitions and apocalyptic beliefs in europe and the middle east cut straight across today's theological and political definitions the conquests of islam the emergence of the caliphate and the transformation of the roman and christian world are approached from both prophetic anticipations in the ancient and late ancient world and from the medieval and modern receptions of history in the shadow of their narratives it becomes possible to trace the outline of a shared history of christianity and islam the dark ages thus emerge not merely as a tale of sound and fury but as an era of openness diversity and unexpected possibilities approaching the rise of islam as a historical phenomenon this book opens new perspectives in the study of early religion and philosophy as well as providing a valuable resource for students and scholars of islamic studies

as a protestant theologian and disciple of renowned critics of christianity albert schweitzer and martin werner the author wanted since long to contribute to the breakthrough of their resolute nontrinitarian position which has throughout the twentieth century by all and every western christian university theology been silenced by pretending tacitly and tenaciously the non existence of their strong argument

early islam has emerged as a lively site of historical investigation and scholars have challenged the traditional accounts of islamic origins by drawing attention to the wealth of non islamic sources that describe the rise of islam a prophet has appeared brings this approach to the classroom this collection provides students and scholars with carefully selected introduced and annotated materials from non islamic sources dating to the early years of islam these can be read alone or alongside the qur an and later islamic materials applying historical critical analysis the volume moves these invaluable sources to more equal footing with later islamic narratives about muhammad and the formation of his new religious movement included are new english translations of sources by twenty authors originally written in not only greek and latin but also syriac georgian armenian hebrew and arabic and spanning a geographic range from england to egypt and iran ideal for the classroom and personal library this sourcebook provides readers with the tools to meaningfully approach a new burgeoning area of islamic studies

focuses on the socioeconomic political and cultural milieu in which a new religious movement was born and has thrived this work includes a discussion of the origins of islamic law spirituality and theology mysticism philosophy and culture as well as an appendix of individual page length biographies of important figures

this final volume in the successful series the idea of iran addresses the astonishing impact made by islam during and after the arab conquest of iran in the middle of the seventh century as the sasanian dynasty crumbled before the invaders triumphant onslaught its state religion of zoroastrianism was unceremoniously dismantled to make way for the new faith of the victorious desert warriors yet why if iran jettisoned its indigenous religion did it still manage to retain its persian language and distinctive iranian identity once muslim governance took hold these and other intriguing questions are addressed by the book which includes distinguished contributions from world renowned scholars such as hugh kennedy edmund bosworth robert hillenbrand and ehsan yarshater discussing a large

variety of subjects which covers the whole spectrum of life in early islamic iran the volume offers one of the most ambitious perspectives on persian religion society and culture to be published to date it will be consulted by all students of iranian history and will be regarded as essential reading for scholars of islam the middle east and medieval religion alike

this work uses social movement theory to explain the increased political power of islam in sudan
