re issuing volumes originally published between 1949 and 1995 this 31 volume set examines the theory and behaviour of organizations topics covered include the sociology of work leadership and organizations politics at work theory and practice of company organization patterns of business organization company strategy and organizational design

first published in 1973 this volume concentrates upon contemporary issues of a theoretical and methodological nature in the study of organizations the contributors are concerned with contemporary ways of explaining the sociological role of modern organizations and work within them they cover questions of understanding employee behaviour of careers of industrial relations and of the future of management and organizations as we know them with a thorough examination of prevailing assumptions

the routledge companion to philosophy in organization studies provides a wide ranging overview of the significance of philosophy in organizations the volume brings together a veritable who s who of scholars that are acclaimed international experts in their specialist subject within organizational studies and philosophy the contributions to this collection are grouped into three distinct sections foundations exploring philosophical building blocks with which organizational researchers need to become familiar theories representing some of the dominant traditions in organizational studies and how they are dealt with philosophically topics examining the issues themes and topics relevant to understanding how philosophy infuses organization studies primarily aimed at students and academics associated with business schools and organizational research the routledge companion to philosophy in organization studies is a valuable reference source for anyone engaged in this field

The Routledge Companion To Ethics Politics And Organizations Routledge Companions In Business Management And Accounting

the field of management and organizational history has reached a level of maturity that means an overview is long overdue written by a team of globally renowned scholars this comprehensive companion analyses management and organizational history reflecting on the most influential periods and highlighting gaps for future research from the impact of the cold war to global warming it examines the field from a wide array of perspectives from humanities to the social sciences covering the entire spectrum of the field this volume provides an essential resource for researchers of business and management

this book provides a detailed and critical examination of the literature on leadership in organizations giving special recognition to the needs of students of organizational behaviour and the social psychology of organizations after an examination of the complexity of the concept of leadership the author describes the major approaches to the analysis of leadership in organizations including the idea that effective leaders have special traits the various attempts to examine leader behaviour normative approaches to the study of leadership and the various theories which emphasize the importance of recognizing situational differences in understanding leadership effectiveness

available in paperback for the first time this book describes and considers ideas and insights from complexity science and examines their use in organizations especially in bringing about major organizational change

the contributors to this volume study the ways in which employees create messages and symbols and how they interpret the messages they receive what do these messages and their symbols tell us about organizational culture the contributors discuss the theoretical grounding of the approach and its relation to other perspectives they also show its usefulness in studies that examine leadership decision making power and organizational climate

the routledge companion to ethics politics and organizations synthesizes and extends existing research on ethics in organizations by explicitly focusing on ethico politics where ethics informs political action it draws connections between ethics and politics in and around organizations and the workplace examines cutting edge areas and sets the scene for future research through

The Routledge Companion To Ethics Politics And Organizations Routledge Companions In Business Management And Accounting

a wealth of international and multidisciplinary contributions this volume considers the broad range of ways in which ethics and politics can be conceived and understood the chapters look at various ethical traditions as well as the discursive deployment of ethical terminology in organizational settings and they also examine large scale political structures and processes and how they relate to different forms of politics which affect behaviour in organizations these many possibilities are united by a focus on how ethics can be used to inform and justify the exercise of power in organizations this collection will be a valuable reference source for students and researchers across the disciplines of organizational studies ethics and politics

this summary of theory and practice is inspired by the belief that cut and dried solutions to management problems are inappropriate and that every set of circumstances requires a unique synthesis of experience and relevant theories in this book the authors have reviewed the main texts and theories of organization and have added the lessons learned from an unrivalled volume of practical experience garnered from some 900 consultants working in more than twenty countries

organizational diversity has become a topic of interest for practitioners and academics alike this book explores how diversity in organizations is and can be researched providing readers with insights into the potential research designs for studies in contemporary organizations this includes paying attention to methods but also to the role of the researcher and research bodies in the field their potential as activists as well as to the theoretical question of standpoints in researching organizational diversity chapters also consider the diversity of research participants inclusive research and intersectionality all contributors are experts in diversity research and in their contributions they reflect upon the appropriate methods for the specific type of diversity research they conduct noting strengths and weaknesses and illustrating their arguments with practical examples from their work this handbook will be of great value to academics students researchers practitioners and professionals with an interest in broadening their understanding of how to research organizational diversity in contemporary organizations or seeking to develop their awareness of diversity when researching management and organization more generally

The Routledge Companion To Ethics Politics And Organizations Routledge Companions In Business Management And Accounting

in this important mba text the authors adopt a highly integrated approach using the three conceptual lenses of power meaning and design they explore fully the many different ways in which technology and organizations interact they highlight the major debates within these competing perspectives and argue that the flow of knowledge and ideas within and between organizations is crucial in shaping technologies and organizations alike

counter narratives and organization brings the concept of counter narrative into an organizational context illuminating these complex elements of communication as intrinsic yet largely unexplored aspect of organizational storytelling departing from dialogical emergent and processual perspectives on organization the individual chapters focus on the character of counter narratives along with their performative aspects by addressing questions such as how do some narratives gain dominance over others how do narratives intersect relate and reinforce each other how are organizational members and external stakeholders engaged in the telling and re telling of the organization the empirical case studies provide much needed insights on the function of counter narratives for individuals professionals and organizations in navigating challenging negotiating and replacing established dominant narratives about who we are what we believe what we do as a collective the book has an interdisciplinary scope drawing together ideas from both storytelling in organization studies the communicative constitution of organization cco from organizational communication and traditional narratology from humanities counter narratives and organization reflects an ambition to spark readers imagination recognition and discussion of organization and counter narratives offering a route to bring this important concept to the center of our understandings of organization

this is a collection of articles exploring the issue of power in relation to organizations it asserts that any attempt to understand the large literature on power must extend beyond the confines of organization and management theory the argument underlying the volume is that broad exploration is essential because management studies of power have been for the most part severely constrained tending to view power from a functionalist perspective in so doing issues of how power becomes embedded in existing organizational structures cultures practices rules and regulations have been ignored

The Routledge Companion To Ethics Politics And Organizations Routledge Companions In Business Management And Accounting

this handbook offers state of the art scholarship on the perspective known as the communicative constitution of organization cco offering a unique outlook on how communication accounts for the emergence change and continuity of organizations and organizing practices this handbook systematically exposes the theoretical and methodological underpinnings of cco displays its empirical diversity and articulates its future trajectory placing communication firmly at the centre of the organizational equation an international team of expert authors covers the key theoretical inspirations and the main themes of the field the debates that animate the cco community cco s methodological approaches how cco handles classic management themes practical applications offering a central statement of cco s contributions to the fields of organization studies communication and management this handbook will be of interest to organization studies and communication scholars faculty and graduate and advanced undergraduate students as well as anyone associated with cco theorizing seeking a comprehensive overview of the theoretical methodological and practical tenets of this growing area chapter 5 of this book is freely available as a downloadable open access pdf under a creative commons attribution non commercial no derivatives 4 0 license taylorfrancis com chapters oa edit 10 4324 9781003224914 7 communicative constitution worlda luhmannian view communication organizations society michael grothe hammer context ubx refid 6fe411e1 fbed 41c9 8d95 03ca74450c1d

this handbook provides new theoretical and empirical insights into men men s practices and masculinities across many kinds of organizations and forms of organizing most mainstream studies of organizations leadership and management do not seem to notice they are often talking a lot about men and masculinities the handbook challenges this general tendency to avoid gendering men by bringing together a range of theoretical and methodological approaches that engage with not only formal organizations such as businesses and state organizations but also processes of organizing within and beyond organizations address emergent and future issues on men masculinities and organizations such as tech masculinities men s emotions sexualities and violences animal advocacy and environmental issues and men and masculinities in pandemics targeted at scholars policy makers practitioners and students interested in links between men masculinities organizations and organizing this landmark

The Routledge Companion To Ethics Politics And Organizations Routledge Companions In Business Management And Accounting

handbook is an invaluable resource for those working in and beyond such fields as gender studies organization leadership and management studies political science sociology social and public policy social movement studies

organizations change they grow they adapt they evolve the effects of organizational change are important varied and complex and analyzing and understanding them is vital for students academics and researchers in all business schools the routledge companion to organizational change offers a comprehensive and authoritative overview of the field the volume brings together the very best contributors not only from the field of organizational change but also from adjacent fields such as strategy and leadership these contributors offer fresh and challenging insights to the mainstream themes of this discipline surveying the state of the discipline and introducing new cutting edge themes this book is a valuable reference source for students and academics in this area
