asking vital questions concerning the future directions of terrorism research this topical research agenda dives into the current state emerging methodologies and

key trends of this emotive and controversial field

this book is an introduction to critical approaches to terrorism studies while there is a growing body of critical terrorism studies literature devoted to empirical examples and conceptual development very little has been written about how to systematically carry out this kind of research critical terrorism studies fills this gap by addressing three key themes the position of terrorism studies and critical terrorism studies in the discipline of international relations ir theoretical and methodological elaborations of critical approaches to the study of terrorism empirical illustrations of those approaches drawing upon a range of engaging material the volume reviews a series of non variable based methodological approaches it then goes on to provide empirical examples that illustrate how these approaches have been and can be utilized by students teachers and postgraduate researchers alike to critically and rigorously study terrorism this textbook will be of much interest to students of terrorism studies sociology critical security studies and ir in general

first published in 1991 this book includes several contributions to the new look in terrorism research including a history of terrorism that reaches back two thousand years an examination of the life cycle of terrorist groups that have come and gone since world war ii and a new theory of the stages by which political protest becomes political violence and terrorism

this new handbook is a comprehensive collection of cutting edge essays that investigate the contribution of critical terrorism studies to our understanding of contemporary terrorism and counterterrorism terrorism remains one of the most important security and political issues of our time after 9 11 critical terrorism studies literature emerged as an alternative approach to the mainstream study of terrorism and counterterrorism one which combined innovative methods with a searching critique of the abuses of the war on terror this volume explores the unique contribution of critical terrorism studies to our understanding of contemporary non state violence and the state s response to it it draws together contributions from key thinkers in the field who explore critical questions around the nature and study of terrorism the causes of terrorism state terrorism responses to terrorism the war on terror and emerging issues in terrorism research covering a wide range of topics including key debates in the field and emerging issues the routledge handbook of critical terrorism studies will set a benchmark for future research on terrorism and the response to it this handbook will be of great interest to students of terrorism studies political violence critical security studies and ir in general

this collection of scholarly essays explores the role of history in terrorism studies and today s counterterrorism initiatives in doomed to repeat scholars policy makers and other practitioners explore how a better understanding of the past can help us combat terrorism in the future the first section establishes a broader context for discussion by examining the connections between history and terrorism studies the second section presents the insights of non historians who know the importance of historical perspective in understanding current events section three provides case studies that explore the history of terrorism and politically motivated violence section four concludes by placing concerns about terrorism in regional and foreign policy context this collection helps us advance our understanding of terrorism beyond simplistic and dichotomist assertions about them and us taken together these essays highlight the importance of analyzing rather than assuming chris dixon

professor school of history philosophy religion and classics the university of queensland australia

in response to the growth of a critical perspective on contemporary issues of terrorism this edited volume brings together a number of leading scholars to debate the new subfield of critical terrorism studies in the years since the 9 11 attacks terrorism studies has undergone a major transformation from minor subfield of security studies into a large stand alone field and is probably one of the fastest expanding areas of research in the western academic world however much of the literature is beset by a number of problems limiting its potential for producing rigorous empirical findings and genuine theoretical advancement in response to these weaknesses in the broader field a small but increasing number of scholars have begun to articulate a critical perspective on contemporary issues of terrorism this volume brings together a number of leading scholars to debate the need for and the shape of this exciting new subfield the first part of the volume examines some of the main shortcomings and limitations of orthodox terrorism studies while the second examines exactly what a critical terrorism studies would look like contributors from a variety of methodological and disciplinary perspectives give this volume diversity and it will lay the foundations for and provoke debate about the future research agenda of this new field this book will be of much interest to students of critical security studies terrorism studies and ir theory in general richard jackson is reader in the department of international politics aberystwyth university where he is also senior researcher at the centre for the study of radicalisation and contemporary political violence csrv he is the founding editor of the journal critical studies on terrorism marie breen smyth is director of the centre for the study of radicalisation and contemporary political violence csrv at aberystwyth university she is a reader in international politics and co editor of the journal critical studies on terrorism jeroen gunning is lecturer in international politics at aberystwyth university deputy director of the centre for the study of radicalisation and contemporary political violence and co editor of the journal critical studies on terrorism

this book shows how to use a range of critical approaches to conduct research on terrorism featuring the work of researchers who have already utilized these methods to study terrorism it includes a diverse range of critical methodological approaches including discourse analysis feminist postcolonial ethnographic critical theory and visual analysis of terrorism the main objectives of the book are to assist researchers in adopting and applying various critical approaches to the study of terrorism this goal is achieved by bringing together a number of different scholars working on the topic of terrorism from a range of non variables based approaches their individual chapters discuss explicitly the research methods used and methodological commitments made by the authors while also illustrating the application of their particular critical perspective to the topic of terrorism the authors of each chapter will discuss 1 why they chose their specific critical method 2 how they justified their methodological stance 3 how they conduct their research 4 and finally an example of the research this book will be essential reading for students of terrorism studies and critical terrorism studies and highly recommended for students of political violence security studies and ir

the study of terrorism represents one of the major turning points in criminology of the twenty first century in the space of just two decades research on terrorism and political extremism went from a relatively uncommon niche to a widely recognized criminological specialization terrorism research now appears in nearly all

mainstream criminology journals college courses on terrorism and political violence have been added to the curricula of most criminology departments and a growing number of criminology students are choosing terrorism as a suitable topic for class papers research topics theses and dissertations the purpose of this book is to explore similarities and differences between terrorism and more ordinary forms of crime this element considers the ways that criminology has contributed to the study of terrorism and the impact the increasing interest in terrorism has had on criminology this element also provides empirical comparisons of terrorist attacks to more ordinary crimes and criminal offenders this title is also available as open access on cambridge core

this new textbook provides students with a multidisciplinary theoretical and methodological introduction to terrorism studies the book identifies the main theories proposed in the field of terrorism studies as they relate to several issues why and how individuals and organizations get involved in terrorism the definition and concept of terrorism state terrorism leaving terrorism behind counter terrorism manifestations of terrorism in time and space terrorism studies is a highly heterogeneous field with a broad range of theories and disciplines marked by ample debates beyond individual contributions and unique perspectives however it is difficult for students and interested readers to have a broader and structured grasp of the theoretical landscape within and behind the study of terrorism this textbook offers a valuable new teaching tool which aims to provide students with the conceptual theoretical and methodological toolbox necessary to understand and research terrorism this book will be essential reading for students of terrorism studies political violence and counter terrorism and is highly recommended for students of security studies criminology politics and international relations
