at the close of the civil war the federal government undertook a sweeping reform of land tenure in the south with the passage of the southern homestead act of 1866 designed primarily to allow freedmen to settle public land and take part in the great agrarian program of establishing a nation of independent yeoman farmers the act soon became the victim of political abuses bureaucratic ineptitude and burgeoning racism in agrarianism and reconstruction politics michael l lanza studies the conception evolution and demise of this critical aspect of reconstruction history lanza deals with the formulation of the act in congress the implementation of new land regulations in the southern states and the distribution of land to the hopeful body of southern freedmen as lanza points out however the homesteaders faced obstacles and disappointments at almost every turn white southerners vehemently opposed black landownership and did everything possible to stand in the freemen s way furthermore much of the land allocated to the homesteaders proved unfarmable an unwieldy sometimes dishonest bureaucracy and a lessening of support from the republican party were additional barriers that prevented the southern homestead act from living up to its promise lanza relies on letters written by many homesteaders to paint a vivid picture of their hopes frustrations achievements and failures historians have long debated the centrality of land distribution policies to reconstruction history but until now one has fully considered the single most important measure adopted during reconstruction to provide land to the landless drawing on records of the general land office contemporaneous newspaper accounts and other sources michael lanza s study of the southern homestead act provides a significant new interpretation of land policy during this era

george washington gayle is not a name known to history but it soon will be forget what you thought you knew about why abraham lincoln was assassinated by john

wilkes booth no it was not mere sectional hatred booth s desire to become famous lincoln s advocacy of black suffrage or a plot masterminded by jefferson davis to win the war by crippling the federal government christopher lyle mcilwain sr s untried and unpunished george washington gayle and the assassination of abraham lincoln exposes the fallacies regarding each of those theories and reveals both the mastermind behind the plot and its true motivation the deadly scheme to kill lincoln vice president andrew johnson and secretary of state william seward was gayle s brainchild the assassins were motivated by money gayle raised lots of money 20 000 000 in today s value gayle a prominent south carolina born alabama lawyer had been a unionist and jacksonian democrat before walking the road of radicalization following the admission of california as a free state in 1850 thereafter he became alabama s most earnest secessionist though he would never hold any position within the confederate government or serve in its military after the slaying of the president gayle was arrested and taken to washington dc in chains to be tried by a military tribunal for conspiracy in connection with the horrendous crimes the northern press was satisfied gayle was behind the deed especially when it was discovered he had placed an advertisement in a newspaper the previous december soliciting donations to pay the assassins there is little doubt that if gayle had been tried he would have been convicted and executed however he not only avoided trial but ultimately escaped punishment of any kind for reasons that will surprise readers rather than rehashing what scores of books have already alleged untried and unpunished offers a completely fresh premise meticulous analysis and stunning conclusions based upon years of firsthand research by an experienced attorney this original thought provoking study will forever change the way you think of lincoln s assassination
