lord when looks at the second coming from a scriptural point of view while examining the questions objections and various views of the tribulation and the rapture as the world draws nearer and nearer to the second coming it is more important than ever that all christians understand what the bible says about this crucial doctrine our greatest hope lies not in theories or inferences but in undeniable facts left by our lord in his holy word about the seventh trumpet the great apostasy the restrainer the antichrist the seventy weeks of daniel the 144

000 servants with over twenty years of research and study of the end times author john j cobb brings a special and unique approach to these areas he has taught four verse by verse expositional classes on the book of revelation his passion for scriptural clarity in eschatology has been the driving force behind lord when whether the information gathered is from him or other authors and experts in this area minister cobb has taken great care to bring it all to bear against the backdrop of holy scripture the final arbiter of all christian doctrine

jesus christ was very clear one day he will return and none of us knows when vocal fanatics claim to know the details of the second coming causing many christians to all but ignore the good news that jesus is coming again yet god s own word commands us to know the signs of the times to remain watchful and to be ready whoever chrst comes this book is a straightforward in depth exploration of the key biblical texts regarding the second coming most notably christ s longest and most important eschatological message the olivet discourse

this book was originally published in 1896 it has eight chapters each one written by a well known minister of the era except the last chapter written by an unknown with the initials j w written for the layman not the scholar each chapter is in one way or another about the return of christ it is a very good book for anyone seeking to learn the basics of the second coming of christ called eschatology even though i have written four books on bible prophecy i plan to read this book and add it to my library michael d fortner publisher authors of the chapters 1 harriet beecher stowe 2 d l moody 3 j c ryle 4 george muller 5 d w white 6 g c needham 7 charles h spurgeon 8 j w

the second coming of jesus is the capstone of scripture but how does it relate to other teachings of the bible in what way are doctrines that launched the protestant reformation foundational to the certainty of the advent ed zinke connects the dots to reveal not only a coherent system of truth we can trust but a reliable god we can love he shoiws that doctrine is not an end in itself but a means of understanding the one who is coming for us this is a full message book foreword introduction is christianity christian the authority of the bible and the certainty of the second coming creation and the certainty of the second coming of relative truths and redemptive symbols the first coming prepares for the second coming salvation and the certainty of the second coming the sanctuary and the second coming such a cloud of witnesses and the second coming the witness of the remnant and the second coming should our nineteenth century prophetic schema be revised the certainty of the second coming the millennium the destruction of the wicked and the new earth god reveals his righteousness

in the book second thoughts about the second coming teacher author and systems engineer joe reeves deals with many aspects of the idea of jesus second

coming that are seldom considered by modern christians but he does so from the standpoint of asking several critical questions the basic questions he asks and answers in this book are can a book of scripture at some later date come to mean what it never meant can a scriptural text at a later date come to mean what the author obviously did not intend it to mean to those of his original envisioned recipients to whom he wrote and a meaning that the first recipients simply would not have understood then based on those answers he asks and answers several questions about jesus resurrection his resurrected nature and his ascension then based on the biblical answers to those questions asks and answers the question about whether or not jesus and the biblical writers predicted a second coming using those questions and the question of specifically what would those first century christians have understood about what modern interpreters call jesus second coming as the basis for study joe uses his training and experience in systems thinking bible history cultural anthropology and logic and philosophical realism to formulate a system of thinking that challenges many of the modern assumptions upon which the four most common doctrines about jesus second coming are based for the person who wishes to learn more about how the first christians would have used and understood the writings they received about jesus and his life after his resurrection this book is a must read
