elite secret clubs have always influenced society first they build power then they bend others to help them knowingly or in ignorance to consolidate and expand their power base then they destroy society some of them already control the world when the word cult is used the response is usually the same dangerous subversive anti family anti social and while this is certainly true the most daunting discovery in this book is tha the most powerful secret societies are actually running the world seeking to destroy morality and the family unit while publicly appearing to be their biggest champions their ultimate weapons are power and time they have the power only time will bring their obscure scheme to its inevitable conclusion this book examines 21 of these elusive and deeply disturbing organizations and reveals in alarming detail how for five centuries they have successfully manipulated the global economy waged wars and controlled the

secret societies have existed throughout history in many ways they are microcosms of ordinary public society nevertheless an air of menace clings to many famous but shadowy societies yet secret societies have often held spiritual goals christianity itself was in its earliest days a secret society in rome and was considered by the authorities from the start to be a dangerous innovation the same was true of islam some arab groups today consider the jews a dangerous secret society dedicated to the overwhelming of the world some europeans as well as some druses and yezidis in iraq in syria think the same of the arabs some freemasons and catholic groups hold identically suspicious views of each other and many secret societies dangerous or not have been persecuted over the ages believing that social right and wrong should be the evaluator of secret societies brings us into difficulties in borneo initiates of the hunting societies considered it meritorious to hunt heads in many parts of the world initiation into clan life and consequent status involves undergoing trials which can result in the death or madness of the candidate secret societies can never be totally repressed the human desire to be one of the elect is something which no power has yet been able to reduce let alone overcome whether this is a good or a bad thing depends entirely upon one s point of view and one s commitments at the time of judging the question this book does not pretend to be an exhaustive account of secret societies none such has ever been nor ever will be written but in these pages will be found some of the characteristic forms which secret societies and cults have taken successfully and otherwise the secret organizations dealt with in this book have been chosen in such a way as to illustrate the widest variety of their forms rituals and beliefs much of the material has been obtained at first hand and is published for the first time jacket

secret societies of the middle ages explores the foundations of modern secret societies examining the history and known facts of three very different organizations 1 the assassins of the middle east how they evolved from an islamic religious sect into one of the most feared

groups in all the world and how the very name of this ancient order became the word used for political killings of this nature 2 the templars of europe from a pious group of protectors and dedicated crusaders to their bitter end persecuted as heretics they introduced the concept of banking to the world while amassing a fortune of incalculable wealth 3 the secret tribunals of westphalia the feared and self appointed judicial group who passed judgment and performed executions in a time of lawlessness in germany they enjoyed popular support providing a rudimentary and vigilante law at a time when warlords ruled and the emperor was ineffective the echoes of these particular societies are still heard today from presidential offices to battlegrounds in the middle east secret societies of the middle ages originally published in 1846 was the first book to gather information on these secret orders this foundational reference work upon which many contemporary histories have relied is now back in print with an introduction by james wasserman author of the templars and the assassins the militia of heaven

to some the name secret society conjures up an image of a shadowy and elite cabal meeting behind smoke filled rooms discussing tactics of world domination and manipulation straight out of the most far fetched espionage thriller to others the image of secluded men and occasionally women banding together in exotic garb to perform colorful ceremonies and impart hidden knowledge and fancy but incomprehensible titles upon one another springs to mind but just how far fetched and fanciful is the prospect of a secret society could it be that there walks among us in any given echelon of the population groups given to exercise inordinate amounts of power and influence over the rest of us could these exotic members only clubs really pose such an immediate threat to our well being that our very way of life is endangered well quite frankly the disturbing answer to those particular questions are yes and yes right in our midst there absolutely exists clandestine organizations consisting of both men and women who wield a dangerous amount of influence and power over the entire world populace in his book entitled the world s most dangerous secret societies author james jackson explores these dangerous secret organizations and its members their beliefs hidden agenda and their ultimate goal of a new world order and world domination here are a few of some of the dangerous secret societies that will be thoroughly examined the freemasons the illuminati skull and bones the bilderberg group council on foreign relations the trilateral commission the society of jesuits the committee of 300 the knights templarand much much more

excerpt from thian ti hwui the hung league or heaven earth league a secret a secret society with the chinese in china and india it is a known fact that secret societies not only exist in china itself but also with the chinese in the colonies where they lead very often to a tacit resistance against the laws of the land or even to revolt in the spring of the year 1863 a lot of books were very accidentally found by the police in the house of a chinaman suspected of theft at padang sumatra which proved the existence of a secret society at that place numbering about 200 members these books containing the laws statutes oath mysteries of initiation catechism description of flags symbols and secret signs etc etc were placed officially into my hands for translation most of these books were at the time quite unintelligible to me and as the case pressed i had no leisure to study them more thoroughly i requested however the government to return these books to me after the decision of the case and to place all chinese and foreign documents relating to chinese secret societies in the n i archipelago at my disposal as i hoped to be enabled in that way to find out the secrets of those societies government acceded liberally

to this request and ordered all such books it found to be delivered to me in this way we got besides the books found in padang a chinese book full of drawings found in 1851 at japara java with the statutes of the shantung branch a memorial concerning seven friendly societies found in palembang sumatra and a copy of dr milne s account of the triad society the most valuable contributions however were two chinese manuscripts presented to the batavian society of arts and sciences by mr teysman of buitenzorg containing the whole catechism history description of the rites lodges flags secret signs and implements enriched with a series of drawings both which books were kindly placed at my disposal by the above named society i am indebted also to my colleague m von faber esq for the loan of a print on linen of the diploma of the brotherhood obtained from monrado and to the resident of rhio e netscher esq for the loan of half a dozen similar diplomas about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
