in this stimulating volume stephen m krason considers whether the founding fathers vision of the american democratic republic has been transformed and if so in what ways he looks to the basic principles of the founding fathers then discusses the changes that resulted from evolving contemporary expectations about government referencing philosophical principles and the work of great western thinkers krason then explores a variety of proposals that could forge a foundation for restoration acknowledging that any attempt to revive the founders views on a democratic republic must start in the public sphere krason focuses on concerned citizens who are aware of the extent to which our current political structures deviate from the founders vision and want to take action ultimately a democratic republic can exist be sustained and flourish only when there is a deep commitment to it in the minds and norms of its people written by a foremost authority in the field of us constitutional law this book will appeal to those interested in american history society and politics

westerners were at the forefront of the debate over electric power development even before the construction of large federally owned dams in the 1930s at the heart of this debate was a conflict between public power advocates and the private utility industry over control of the environment a struggle that was played out in the political arena in this book jay brigham describes that rivalry in the west in the years before the new deal focusing on the conservative city of los angeles and its liberal counterpart seattle as well as on several small towns in the midwest brigham shows how fierce battles broke out as private and public systems competed for customers and how despite the differences between these two cities public power ultimately triumphed in each

the 1920s saw the united states rise to its current status as the leading world superpower matched by an emerging cultural dominance that characterized the second half of the twentieth century this book provides an stimulating account of the major cultural and intellectual trends of the decade that have been pivotal to its characterization as the jazz age currell s book places common representations of the roaring twenties and the lost generation into context through chapters on literature music and performance film and radio and visual art and design alongside the unprecedeted rise of leisure and
