when justinian became sole ruler of the byzantine empire in a d 527 he ordered the preparation of three compilations of roman law that together formed the corpus juris civilis these works have become known individually as the code which collected the legal pronouncements of the roman emperors the institutes an elementary student s textbook and the digest by far the largest and most highly prized of the three compilations the digest was assembled by a team of sixteen academic lawyers commissioned by justinian in 533 to cull everything of value from earlier roman law it was for centuries the focal point of legal education in the west and remains today an unprecedented collection of the commentaries of roman jurists on the civil law commissioned by the commonwealth fund in 1978 alan watson assembled a team of thirty specialists to produce this magisterial translation which was first completed and published in 1985 with theodor mommsen s latin text of 1878 on facing pages this paperback edition presents a corrected english language text alone with an introduction by alan watson links to the three other volumes in the set volume 2 books 16 29 volume 3 books 30 40 volume 4 books 41 50

this book explores ways in which both the theory and the practice of international politics was built upon roman private and public law foundations on a variety of issues including the organization and limitation of war peace settlements embassies commerce and shipping

the law has struggled for many years with the problem of how to accommodate those who commit crimes due to threats or circumstances the modern ambivalence surrounding the defences of duress and necessity has its origins in the legal past to date the defences of duress and necessity have been couched in terms such as compulsion involuntariness and human frailty resulting in the true nature of the defences being hidden psychologists and legal theorists have begun to re examine the role of emotions in human action including their effect upon behaviour and choice in light of recent breakthroughs eimear spain considers how the emotions experienced by those who

act due to threats both human and natural in origin should affect the attribution of criminal responsibility and punishment the understanding of emotions extrapolated in this book points towards a new rationale for the existing defences of duress and necessity
