the oxford handbook of space security focuses on the interaction between space technology
and international and national security processes saadia m pekkanen and p j blount have
gathered a group of key scholars who bring a range of analytical and theoretical perspectives
to take an analytically eclectic approach to assessing space security from an international
relations ir theory perspective bringing together scholarship from a group of leading experts
this volume explains how these contemporary changes will affect future security in from and
through space

as east asia is entering the 21st century japan is reassessing its security environment and thus its strategic calculus is on the verge of deploying latest jointly researched theater missile defenses tmd to counter the threat of ballistic and cruise missiles in parallel the people s republic of china is constantly modernizing its ballistic missile forces and is gearing up for a possible contingency with its self proclaimed high tech adversaries this work shows what drives japan to deploy theater missile defenses and how the people s republic of china is poised to be reacting to it

china s approach to nuclear deterrence has been broadly consistent since its first test in 1964 but it has recently accelerated nuclear force modernization china s strategic environment is likely to grow more complex and nuclear constituencies are gaining a larger bureaucratic voice beijing is unlikely to change official nuclear policies but will probably increase emphasis on nuclear deterrence and may adjust the definition of key concepts

volume 111 of terrorism commentary on security documents discerning president obama s national security strategy makes available documents from the first fifteen months of the obama administration that provide insights into its developing national security strategy included are documents that include detailed intelligence estimates and strategies as well as documents that outline important lessons regarding stability and reconstruction in iraq additional documents provide valuable insight into the obama administration s afghanistan and pakistan strategy general editor douglas lovelace an expert in u s military matters elucidates the complexities of military spending and of counter insurgency tactics

kinas nukleare strategi analyseres på baggrund af kinesiske strategiske traditioner hensigten er at give en forståelse af kinas særlige nukleare forestillinger som verdens trediestørste nuklearmagt

strategic asia 2004 05 confronting terrorism in the pursuit of power examines the u s led war on terrorism and assesses its impact for the grand strategies of major asian powers confronting terrorism in the pursuit of power is the fourth edition in the strategic asia series and this year s volume is composed of five country studies four regional studies and four topical studies individual country studies analyze the united states china japan korea and russia regional studies cover central south southeast and southwest asia the four topical studies address how broader transnational issues impact regional political economic and security dynamics topics for this year s program include energy security in asia the proliferation of weapons of mass destruction alternative futures for north korea and science and technology trends in asia all chapters examine the short and long term implications for u s interests in asia and aim to sharpen the ability of u s policymakers to craft effective and

credible strategies toward the region

india s nuclear profile doctrine and practices have evolved rapidly since the country s nuclear breakout in 1998 however the outside world s understanding of india s doctrinal debates forward looking strategy and technical developments are still two decades behind the present india and nuclear asia will fill that gap in our knowledge by focusing on the post 1998 evolution of indian nuclear thought its arsenal the triangular rivalry with pakistan and china and new delhi s nonproliferation policy approaches yogesh joshi and frank o donnell show how india s nuclear trajectory has evolved in response to domestic regional and global drivers the authors argue that emerging trends in all three states are elevating risks of regional inadvertent and accidental escalation these include the forthcoming launch of naval nuclear forces within an environment of contested maritime boundaries the growing employment of dual use delivery vehicles and the emerging preferences of all three states to employ missiles early in a conflict these dangers are amplified by the near absence of substantive nuclear dialogue between these states and the growing ambiguity of regional strategic intentions based on primary source research and interviews this book will be important reading for scholars and students of nuclear deterrence and india s international relations as well as for military defense contractor and policy audiences both within and outside south asia

the congressional record is the official record of the proceedings and debates of the united states congress it is published daily when congress is in session the congressional record began publication in 1873 debates for sessions prior to 1873 are recorded in the debates and proceedings in the congress of the united states 1789 1824 the register of debates in congress 1824 1837 and the congressional globe 1833 1873

this book examines the crucial formative period of chinese attitudes toward nuclear weapons the immediate post hiroshima nagasaki period and the korean war it provides a detailed account of u s actions and attitudes during this period and china s response which was especially acute after both countries had entered the korean conflict as enemies this response dispels some of the myths that have long existed regarding china s perceptions of nuclear war

an extensive collection of significant documents covering all major and minor issues and events regarding terrorism government reports executive orders speeches court proceedings and position papers are presented in full text reprint oceana website

more than a decade has passed since the end of the cold war but asia still faces serious security challenges these include the current security environment in the korean peninsula across the taiwan strait and over kashmir the danger of nuclear and missile proliferation and

the concern with the rising power of china and with american dominance indeed some experts see asia as a dangerous and unstable place alagappa disagrees maintaining that asia is a far more stable predictable and prosperous region than it was in the postindependence period this volume also takes account of the changed security environment in asia since september 11 2001 unlike many areas studies approaches alagappa s work makes a strong case for taking regional politics and security dynamics seriously from both theoretical and empirical approaches the first part of this volume develops an analytical framework for the study of order the salience of the different pathways to order is examined in the second part the third investigates the management of specific security issues and the final part discusses the nature of security order in asia

this volume comprised of papers originally presented at a conference held at carlisle barracks in september 2001 helps to put the hainan island incident in the broader context of china s strategic aspirations and its growing military capabilities this conference s co sponsors were the american enterprise institute the heritage foundation and the u s army war college for the fourth consecutive year the war college s strategic studies institute is publishing the proceedings the nine chapters in this volume all written by leading experts cover a diverse set of important topics east asian perspectives on china s security ambitions the status of the chinese ballistic missile program and regional reactions to u s missile defense initiatives and china s ever improving conventional military capabilities

the people s republic of china prc has undertaken extensive military modernization efforts in the post cold war period many of these efforts are directed at curbing what the chinese consider unchecked us influence in the asia pacific region continuing efforts by the united states to develop and deploy ballistic missile defenses bmd threaten to undermine the prc s sole overseas power projection instrument ballistic missiles leaving beijing with a seriously weakened repertoire for coercion and undermining beijing s long term goal of acquiring the ability to counter us influence this thesis examines china s national security interests in the near future and the ballistic missile defense capabilities being pursued by the united states it then analyzes the implications of the potential competition between us bmd and chinese ballistic missiles for sino american security relations

includes the annual report of the american peace society
