the soundscape a term coined by the author is our sonic environment the ever present array of noises with which we all live beginning with the primordial sounds of nature we have experienced an ever increasing complexity of our sonic surroundings as civilization develops new noises rise up around us from the creaking wheel the clang of the blacksmith s hammer and the distant chugging of steam trains to the sound imperialism of airports city streets and factories the author contends that we now suffer from an overabundance of acoustic information and a proportionate diminishing of our ability to hear the nuances and subtleties of sound our task he maintains is to listen analyze and make distinctions as a society we have become more aware of the toxic wastes that can enter our bodies through the air we breathe and the water we drink in fact the pollution of our sonic environment is no less real schafer emphasizes the importance of discerning the sounds that enrich and feed us and using them to create healthier environments to this end he explains how to classify sounds appreciating their beauty or ugliness and provides exercises and soundwalks to help us become more discriminating and sensitive to the sounds around us this book is a pioneering exploration of our acoustic environment past and present and an attempt to imagine what it might become in the future

canada was young during the first world war and with as many as 20 000 underage soldiers leaving their homes to join the war effort the country s army was too jim at 17 was one of them and he penned countless letters home but these weren t the writings of an ordinary boy they were the letters of a lad who left a small farming community for the city on july 15 1915 a boy who volunteered to serve with the 79th queen s own cameron highlanders jim s letters home gloss over the horrors of war focusing instead on issues of the home front of harvesting training the horses and the price of hogs rarely do these letters especially those to his mother and father mention the mud and rats the lice and stench of the trenches or the night duty of cutting barbed wire in no man s land for 95 years his letters remained in a shoebox decorated by his mother jim was just 18 when he was wounded and died during the battle of the somme hold the o xo tells the story that lies between the lines of his letters filling in the historical context and helping us to understand what it was like to be jim
