how to teach phonics is a teachers guide and it can be used by teachers and parents of k 12 adult learners dyslexic persons who can read but cannot spell and advanced esl students the author linguist camilia sadik spent 15 years intensely dissecting english discovering over 100 spelling rules applying the rules in 600 phonics lessons class testing her discoveries and preparing 10 breakthrough phonics based reading and spelling books for all ages and all types of learners teaching phonics means teaching which letter or combination of letters to choose when spelling every english sound in every english word sadik s books are for learning to spell nearly all the letter combinations and the letters that do not sound like their letter name in 32 000 words for free sample lessons visit spellingrules com how to teach phonics teachers guide by camilia sadik contains easy instructions for using the 10 phonics based reading and spelling books the titles of the books are 100 spelling rules learn to spell 500 words a day 6 volumes a e i o u and consonants read instantly and the compound words the books contain over 30 unique learning features that make learning inescapable all words are divided into syllables all silent letters are italicized every phonic to be learned is colored and bolded every lesson begins with a spelling rule grouping of words that follow a rule each vowel is isolated in a book and the only comprehensive books of phonics teach or learn to read and spell hundreds of words at a time guaranteed

why phonics phonics is the magic key that unlocks and opens the door to the wonderful world of reading learning to read by phonics is merely converting the letters of our english speaking alphabet into their respective sounds phonics is the natural and logical way to learn to read phonics is the science of sounds as it applies to letters or groups of letters called phonograms since words form from the sounds the letters make we teach the sounds first and not the names of the alphabet letters in the beginning but teach in a later lesson this gets him on the reading road quickly rather than bogging him down for months with alphabet instruction without the use of phonics the love of reading is undeveloped comprehension misunderstood vocabulary limited and spelling difficult with phonics children from kindergarten age to adults in business have learned to read spell and write without having to

memorize hundreds if not thousands of words once learning the sounds is under way students are reading words and shortly after that complete sentences but what sets this phonics program apart from others is that words are taught in families include reading rules and exceptions to those rules reading and spelling taught apart from word families leave the student confused over many words that sound alike but are spelled differently how to teach phonics by this author is such a book that will give the best foundation for reading and spelling i cannot stress enough the importance of teaching words in their own families

there is a logical reason for why you can t spell as well as you d like and it s not because you are dumb lazy or not listening in class this book is designed by an educational psychologist who has spent many years helping people like you to understand how they learn best and assisting people to re do their learning with dignity it is a unique spelling program which starts with the basics and works you through to extending your vocabulary in a way which makes sense and uses more of your senses it is based on phonics hearing the sounds that make up words and providing you with complete lists of words from which to learn the spelling patterns there are also activities to help you remember each sound spelling group most importantly this book utilises your eyes as well as your ears in learning to spell through its unique multisensory format you can undertake the spelling survey test so you can determine which types of sounds or spelling combinations you are not very familiar with and just practise these there s also a list in the back of all the spelling rules which help us know how to construct words this book will enable teachers to follow a complete format for spelling beyond basic letter sound groups as well as provide a reference text of words to ensure each spelling unit is learned beyond just a few examples it s thorough it s based on sound principles of memory and learning and it stands alone for children or adults alike it s just what you need

a book for anyone teaching english spelling particularly those working with english language learners this essential manual answers three challenging questions about teaching spelling why is there a problem with teaching and learning spelling what can be done about it how can this be accomplished the first part of the book helps teachers understand the systems of english spelling and the regularities which are not necessarily phonological it explores the errors that learners really make and the challenges faced by teachers the second part outlines a fresh new multi dimensional approach to teaching spelling which recognises the need for learner engagement and strategy training as well as work on the patterns found in english orthography the final part of the book presents over seventy

engaging and effective activities which are designed to develop a range of strategies and knowledge about english spelling
