for the first time in the history of orientalism a thorough study of ibn al arabi s thought is now available william chittick has given us a translation of numerous passages from the work of the magister magnus and placed them in their theological context thus removing many misunderstandings that have prevailed both among muslim and in the west when interpreting ibn al arabi s mystical worldview chittick has done this with admirable clarity and his book will always remain a most important milestone in the study of islamic mystical theology

in these global times it is a curious and pertinent fact that the life and writings of muhyiddin ibn arabi which since the 12th century have incalculably influenced the metaphysical structure of much oriental thought and practice still remain relatively unknown and undiscussed in the western theoretical architecture of the twenty first century his remarks on causality time contingency necessity epistemology ontology ethics and aesthetics alone would entice even the most wary of modernity s intellectual authorities this book deals with the findings of just some of these authorities modern philosophy social science and psychology in an open discourse between the ancient and the modern the traditional and the scientific the industrial and the personal it is an invitation to reconsider some of the central and defining ideas of modernity in the light of ibn arabi s writings on the unity of existence the book will be of interest to academics and students in psychology sociology and philosophy and to readers with an academic and or personal interest in ibn arabi

avicenna s metaphysics in arabic ilahiyyat is one of the most important metaphysical treatises after aristotle this volume presents studies on its direct and indirect influenceon arabic hebrew and latin culture from the early 11th through the 16th century among the philosophical topics which receive particular attention are the distinction between essence and existence the theory of universals the concept of god as the necessary being and the theory of emanation the studies also address the philological and historical circumstances of the textual tradition in three medieval cultures

comprises over a hundred concise entries alphabetically ordered and cross referenced on the essential aspects of islamic philosophy this book covers key figures schools concepts topics and issues it includes articles on the peripatetics isma ilis illuminationists sufis kalam theologians and later modern thinkers

can we know god or does he reside beyond our ken in ibn ʿArabʿ and ʿAbd al Razzāq al Qāshānʿ s metaphysics of the divine ismail lala conducts a forensic analysis of the nature of god and his interaction with creation looking mainly at the exegetical works of the influential mystic muḥyʿ al dʿ n ibn ʿArabʿ d 638 1240 and one of his chief disseminators ʿAbd al Razzāq al Qāshānʿ d 736 1335 lala employs the term huwiyya literally he ness as an aperture into the metaphysical worldview of both mystics does al Qāshānʿ agree with ibn ʿArabʿ s conception of god does he agree with ibn ʿArabʿ on how god relates to us and how we relate to him or is this where sufi master and his disciple part ways

ibn al arabi is still known as the great sheik among the surviving sufi orders born in muslim spain he has become famous in the west as the greatest mystical thinker of islamic civilization he was a great philosopher theologian and poet william chittick takes a major step toward exposing the breadth and depth of ibn al arabi s vision the book offers his view of spiritual perfection and

explains his theology ontology epistemology hermeneutics and soteriology the clear language unencumbered by methodological jargon makes it accessible to those familiar with other spiritual traditions while its scholarly precision will appeal to specialists beginning with a survey of ibn al arabi s major teachings the book gradually introduces the most important facets of his thought devoting attention to definitions of his basic terminology his teachings are illustrated with many translated passages introducing readers to fascinating byways of spiritual life that would not ordinarily be encountered in an account of a thinker s ideas ibn al arabi is allowed to describe in detail the visionary world from which his knowledge derives and to express his teachings in his own words more than 600 passages from his major work al futuhat al makkirva are translated here practically for the first time these alone provide twice the text of the fusus al hikam the exhaustive indexes make the work an invaluable reference tool for research in sufism and islamic thought in general
