major international experts offer new interpretations of the key aspects of the origins of the second world war

using original documents from the u s army military history institute including extracts from letters and diaries of serving soldiers as well as from official reports and papers this book recalls the experiences of americans who fought in the first world war individual chapters cover different periods from enlistment to victory in a chronological fashion the book also features topics such as weaponry medical services and entertainment

a truly global account of wwii the war that encompassed six continents

historical personal and technical aspects of the second world war are explored in this six book series each book examines a different facet of the war from the military machines and battles to the leaders who brought their people through the terrible times details of military weaponry battle plans and personalities will bring this conflict alive for readers

in 1939 hitler went to war not just with great britain he also went to war with the whole of the british empire the greatest empire that there had ever been in the years since 1945 that empire has disappeared and the crucial fact that the british empire fought together as a whole during the war has been forgotten all the parts of the empire joined the struggle and were involved in it from the beginning undergoing huge changes and sometimes suffering great losses as a result the war in the desert the defence of malta and the malayan campaign and the contribution of the empire as a whole in terms of supplies communications and troops all reflect the strategic importance of britain s imperial status men and women not only from australia new zealand and india but from many parts of africa and the middle east all played their part winston churchill saw the war throughout in imperial terms the british empire and the

second world war emphasises a central fact about the second world war that is often forgotten

the focus of this volume is not on the consequences but rather on the connection between the great war and the long 19th century the short and long term causes of world war i

even as a young man hitler was often angry when things didn't go his way he always looked for someone to blame after germany was defeated in world war i hitler became determined to rebuild it into the most feared power on earth at the heart of hitler's determination was an evil plan to destroy those he blamed for germany's loss the jewish people meanwhile on the other side of the world japanese armies swept through china and the pacific taking over lands and terrorizing citizens of the conquered countries before long japan and germany joined forces believing that nothing could bring them down however those who believed in freedom and justice also joined forces soon the world was in a war of unimaginable death and destruction in the end the evil would be defeated

a comprehensive review of world war ii that offers a global level analysis written for academics and students of history world war ii in global perspective 1931-1953 presents a dynamic and global account of the historical events prior to during and after world war ii the author a noted expert on the topic explores the main theaters of the war and discusses the connections between them he also examines the impact of the war on areas of the world that are often neglected in historical accounts including latin america sub saharan africa and the so called neutral countries this comprehensive text clearly shows how in the struggle against the axis powers the united states replaced britain as the global superpower the author discusses the japanese invasion of manchuria in 1931 and the korean war 1950-1953 and argues that the core years of the war 1939-1945 cannot be understood without considering the turbulent events that framed them the text puts world war ii in context as a series of large regional conflicts that intersected and overlapped finally emerging as a genuine world war with the formal entry of the united states in late 1941 this vital text offers a comprehensive review of world war ii that frames it in a global context gives weight to the economic and political developments of the war provides a

robust account of the main military campaigns contains illustrations and maps that themselves highlight little known aspects of the global war

spies and saboteurs is the story of the origins of the anglo american special relationship in human intelligence collection and special operations which took place amidst the global conflagration that was the second world war it is the story of william wild bill donovan the father of america s central intelligence agency and of his relationship with legendary british spymasters like william stephenson code named intrepid stewart menzies c chief of the secret intelligence service admiral john godfrey the powerful and enigmatic director of naval intelligence and general colin gubbins britain s master saboteur relying almost exclusively upon recently declassified oss and british intelligence documents and survivor interviews it examines the transatlantic association in espionage and sabotage guerrilla warfare and disinformation it explores the evolution of covert relations from a tutorial arrangement with the u s as pupil to an unequal then full partnership and ultimately to competition and rivalry in the prosecution of the clandestine war

collection of incunabula and early medical prints in the library of the surgeon general s office u s army ser 3 v 10 p 1415 1436

an indispensable reference on world war ii produced by the library of congress and edited by pulitzer prize winning historian david m kennedy with hundreds of illustrations and quotations from contemporary documents this will be the most authoritative popular reference on world war ii the noted historian john keegan called world war ii the largest single event in human history more than sixty years after it ended that war continues to shape our world going far beyond accounts of the major battles the library of congress world war ii companion examines in a unique and engaging manner this devastating conflict its causes conduct and aftermath it considers the politics that shaped the involvement of the major combatants military leadership and the characteristics of major allied and axis armed services the weaponry that resulted in the war s unprecedented destruction as well as debates over the use of these weapons the roles of resistance groups and underground fighters war crimes daily life during wartime the uses of propaganda and much more

drawn from the unparalleled collections of the institution that has been called America's Memory. The Library of Congress World War II Companion includes excerpts from contemporary letters, journals, pamphlets, and other documents, as well as first-person accounts recorded by the Library of Congress Veterans History Project. The text is complemented by more than 150 illustrations organized into topical chapters such as the media war, war crimes, and the Holocaust, and two chapters on military operations that cover the important battles. The book also includes readers to navigate through the rich store of information in these pages filled with facts and figures, information about unusual aspects of the war, and moving personal accounts. This remarkable volume will be indispensable to anyone who wishes to understand the World War II era and its continuing reverberations.

World War II explores the secrets of World War II throughout the war. Both sides made great efforts to uncover enemy plans and keep their own secrets hidden. They engaged in secret operations, plots, and missions, always attempting to outwit the enemy or take them by surprise.
