from the world's most experienced personal cycling coach Joe Friel. *Ride Inside* reveals all the unique aspects of indoor riding: mental aspects like motivation, focus, and enjoyment; changes in upper body stability, posture, and pedaling technique; on a stationary bike; respiration, hydration, and cooling; inherent changes in power output, lower leg tension, and eccentric loading from flywheel momentum; lower effort from lack of terrain changes; headwinds and crosswinds; road-like feel; different shifting patterns. All these differences of indoor riding add up to a big impact when the rubber hits the road. Drawing from the foundations of Friel's classic training guides, *The Cyclist's Training Bible* and *The Triathlete's Training Bible*, *Ride Inside* shows how to apply smart and proven training concepts to indoor cycling. Riders will get expert guidance on the best ways to set up a trainer or smart trainer, how to modify outdoor workouts for indoor cycling, how to better monitor power and RPE, and how to use social online training platforms like Zwift to make training better and not worse. Most critically, *Ride Inside* shows cyclists and triathletes how to do indoor cycling workouts that actually meet their training goals instead of compromising.
