the venerable bede theologian historian and scientific cosmologist played an undeniable role in laying the foundations of the modern world from his quantitative approach to questions of science to his introduction of the anno domini system of dating and his critical methods of biblical analysis bede both anticipated and influenced our modern ways of thinking bede on genesis is the first english language translation of bede s latin commentary on the book of genesis the opening chapters of which he regarded as the

foundational narrative of the world and through which he derived the theoretical basis for his scientific treatises and his notion of the english as the chosen people of god accompanied by an informative introduction that makes bede s commentary accessible to anyone with an interest in his work this volume is an essential contribution to ecclesiastical history

the first english translation of bede s allegorical commentary on the song of songs along with selections from his homilies and the ecclesiastical history an introduction to his spirituality and notes

the commentary on revelation is bede s first venture into biblical exegesis an ambitious choice for a young monastic scholar in a newly christianized land its subject matter the climax of the great story of creation and redemption of history and of time itself adds to the commentary s intrinsic importance for these themes lie at the heart of bede s concerns and of his achievement as a historian exegete scholar and preacher but bede was also a man of his age when he penned the commentary around 703 speculation and anxiety about the end of the world was in the air according to conventional chronology almost 6000 years had passed since creation if for god one day is as a thousand years and a thousand years as one day 2 peter 3 8 the world was destined to last six millennia corresponding to the six days of creation the end then was close bede vigorously opposed the temptation to calculate the time of the end the commentary argues that revelation is not a literal prophecy but a symbolic reflection on the perennial struggle of the church in this world at the same time the young bede is starting to shape his own account of how the end times would unfold this translation prefaced by a substantial introduction will be of interest to students of medieval religious and cultural history of anglo saxon england and of the history of biblical exegesis in the middle ages

this is a reproduction of a book published before 1923 this book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process we believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide we appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book the below data was compiled from various identification fields in the bibliographic record of this title this data is provided as an additional tool in helping to ensure edition identification the complete works of venerable bede commentaries on the scriptures volume 9 of the complete works of venerable bede in the original latin john allen giles volume 9 of the complete works of venerable bede in the original latin collated with the manuscripts and various printed editions accompanied by a new english translation of the historical works and a life of the author saint bede the venerable saint bede the venerable john allen giles whittaker 1844 religion sermons christian religion sermons christian

best known in the middle ages as a scriptural exegete bede here provides a running gloss on the letters of james peter john and jude why he chose these lesser letters for his first

attempt at written exegesis no one knows perhaps he did so because so few other scriptural commentators had glossed them they are unique in that he inclined more to the literal interpretation of the text than he did in his more allegorical later commentaries preachers will find them useful readers will find them illuminating in about 679 bede a boy of seven was presented by his family as an oblate to the monastery of wearmouth northumbria he spent the rest of his life as a monk first at wearmouth and later at jarrow five miles away using the monastic library he became the most learned man in western europe and one of the most influential on future generations he read and wrote in a wide variety of fields natural science mathematics and astronomy grammar rhetoric geography history hagiography theology and above all interpretations of holy scripture bede combined his great learning with sanctity and a personal charm which still shines through his writings i have spent all my life in this monastery he wrote applying myself entirely to the study of the scriptures and amid the observances of the discipline of the rule of st benedict and the daily task of chanting in the church it has always been my delight to learn or to teach or to write a history of the english church and people his command of the fathers of the church and profane knowledge belie the name commonly given his age despite invasions privations and limitations bede demonstrates that one corner of the european north was far from dark

this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work was reproduced from the original artifact and remains as true to the original work as possible therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work as a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

the commentary on revelation is bede s first venture into biblical exegesis an ambitious choice for a young monastic scholar in a newly christianized land its subject matter the climax of the great story of creation and redemption of history and of time itself adds to the commentary s intrinsic importance for these themes lie at the heart of bede s concerns and of his achievement as a historian exegete scholar and preacher but bede was also a man of his age when he penned the commentary around 703 speculation and anxiety about the end of the world was in the air according to conventional chronology almost 6 000 years had passed since creation if for god one day is as a thousand years and a thousand years as one day 2 peter 3 8 the world was destined to last six millennia corresponding to the six days of creation the end then was close bede vigorously opposed the temptation to calculate the time of the end the commentary argues that revelation is not a literal prophecy but a symbolic reflection on the perennial struggle of the church in

this world at the same time the young bede is starting to shape his own account of how the end times would unfold this translation prefaced by a substantial introduction will be of interest to students of medieval religious and cultural history of anglo saxon england and of the history of biblical exegesis in the middle ages jacket

this book is a collection of the complete works of saint bede the venerable who was a medieval monk and scholar it includes his commentaries on the scriptures as well as other religious and historical writings bede is widely regarded as one of the most important christian scholars of the early middle ages and his works had a profound influence on the development of western thought this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

the venerable bede s history of the christian church in england written in the early eighth century still stands as a significant literary work translated from latin into various other languages bede s fascinating history has long been widely studied thirteen centuries later this thorough and reliable guide by j robert wright enables today s readers to follow the major english translations of bede s work and to understand exactly what bede was saying what he meant and why his words and account remain so important wright s companion to bede provides the answers to most questions that careful intelligent readers of bede are apt to ask despite the countless numbers of books and articles about bede there is no other comprehensive companion to his text that can be read in tandem with the medieval author himself a ginger book

this is the first english translation of the venerable bede s commentary on the book of genesis dealing as it does with the biblical account of the creation of the world and of mankind and of mankind s fall from grace and exile into the life of time on genesis offers essential insights into bede s fundamental assumptions as a theologian historian and scientific cosmologist bede s role in laying the foundations of the modern world cannot be overemphasised from his quantitative approach to questions of science to his introduction of the anno domini system of dating and his text critical methods of biblical analysis he anticipated and influenced modern ways of thinking bede regarded the opening chapters of genesis as the foundation narrative of the world from it bede derived the theoretical basis for his scientific treatises and his notion of the english as a chosen people of god which informs the ecclesiastical history this translation and introduction attempts to make bede s commentary accessible to anyone with an interest in his work

commenting on the bible was the principal way in which early medieval christians conducted the work of theology commentaries also open a window for modern readers onto the way in which these people strove to understand humanity the world and history

through complex acts of layered interpretation and cross referencing within the sacred text bede s commentary on luke composed in the first half of the 710s is a turning point in his career as an exegete it is ambitious in its length but also in its subject matter because the life of christ is the key to the meaning of the entire bible to expound a gospel also entails engaging with a formidable body of commentary by the church fathers in bede s case the luke commentary marks as well the moment when he publically asserts his own intellectual authority by displaying his mastery of the patristic tradition and by deftly confronting criticisms of his earlier works finally bede s treatment of luke was highly influential in the carolingian renaissance and in the compilation of the glossa ordinaria in the twelfth century this translation is thus an important resource for historians as well as scholars interested in the role of the bible in medieval culture

bede the scholar distils a decade of research by leading scholars on the northumbrian monk the venerable bede c 673 735 considering bede s place within the wider intellectual developments of the early medieval world the book demonstrates the centrality of the bible to his scholarship chapters focus on his engagement with scriptural languages his knowledge and use of earlier works of latin literature such as those by augustine of hippo and cassiodorus and bede s pastoral commitment to teaching and preaching bede the scholar breaks new ground for our understanding of its subject s self image by investigating his famous ecclesiastical history of the english people alongside lesser known works such as the martyrology the commentary on genesis and the chapter headings he developed for different parts of the vulgate bible the book underscores the importance of appreciating bede s work within its local setting the monastery of wearmouth and jarrow in the kingdom of northumbria the monastery s founders benedict biscop and ceolfrith are shown to have inspired bede in various ways most importantly they created an environment in which bede could flourish and contribute to an intellectual enterprise which also generated the codex amiatinus the earliest one volume vulgate to survive fully intact overall bede the scholar is an essential contribution which deepens our understanding of the scholarly programme undertaken by one of the most important intellectual figures of the early middle ages the chapters celebrate the depth and complexity of bede s writings whilst demonstrating their overall coherence and clarity
