how play and gaming culture have mainstreamed far right ideology through social media platforms from gamergate to the ongoing big lie the far right has gone mainstream in gaming democracy adrienne massanari tracks the flames of toxicity found in the far right and alt right movements as they increasingly take up oxygen in american and global society in this pathbreaking contribution to the fields of internet studies game studies and gender studies massanari argues that silicon valley s emphasis on meritocracy and free speech absolutism has driven this rightward slide these ideologies have been coded into social media spaces that implicitly silence marginalized communities and subject them to rampant abuse by groups that have learned to game the ecology of platforms algorithms and attention economies while populist movements are not new phenomena such as qanon parental rights activism and covid denialism are uniquely of the internet with supporters demonstrating both technical acumen and an ability to use memes and play as a way of both building community and fomenting dissent massanari explores the ways that the far right uses memetic humor and geek masculinity as tools both to create a sense of community within these leaderless groups and to obfuscate their intentions using the lens of play and game studies as well as the concept of metagaming gaming democracy is a novel contribution to our understanding of online platforms and far right political activism

winner of the 2002 computers composition distinguished book award presented by clarkson university s eastman kodak center for excellence in communication the increasing role of computer technology in the classroom has left many teachers searching for resources that will make sense of complex theories and provide them with practical pedagogical direction offering instructional stories histories and classroom applications writing inventions connects the theoretical aspirations of the field with the craft of innovative composition instruction focusing on issues of invention the book explores writing inventions the computer technology that students use to research read create and compose but invention also refers to the rich collection of processes that lead to what is not yet known topics for writing personal and professional identities and new pedagogies methods for teaching invention using the world wide are also outlined arguing that the allows students and teachers to see into each other s learning processes in the end writing inventions tells stories instructional accounts of computers and teaching writing that balance theory and practice

studies of digital communication technologies often focus on the apparently unique set of multimodal resources afforded to users and the development of innovative linguistic strategies for performing mediatised identities and maintaining online social networks this edited volume interrogates the novelty of such practices by establishing a transhistorical approach to the study of digital communication the transhistorical approach explores language practices as lived experiences grounded in historical contexts and aims to identify those elements of human behaviour that transcend historical boundaries looking beyond specific developments in communication technologies to understand the enduring motivations and social concerns that drive human communication the volume reveals long term patterns in the indexical functions of seemingly innovative written and multimodal resources and the ideologies that underpin them and shows that methods are not necessarily contingent on their datasets historical analytic frameworks can be applied to digital data and newer approaches used to understand historical data these insights present exciting opportunities for english language researchers both historical and modern

this book contains the best papers of the seventh international conference on enterprise information systems iceis 2005 held in miami usa and organized by insticc institute for systems and technologies of information communication and control in collaboration with florida international university who hosted the event following the route started in 1999 iceis has
