the torchbearer of most behavior actions which they hold as their right at any cost the pop wisdom is out there to augment and embolden this animalism tribalism in men and women this pop intelligence is simple and straight it is my body and my happiness and i know my body joys better than all and that is why only i decide what i need this is the scam humanity perpetuates this intuitive visceral reality is partial and based on subjective choices and not objective reality the other part of non intuitive reality is not available to visceral consciousness and intuitive cognition as they are not part of body s innate experiencing rather they are part of knowledge which has to be acquired through disciplined learning and this knowledge actually kills the visceral intuitive sense and experiencing of happiness that is why solipsism anti intellectualism and anti science sentimentalism are the most popular and lapped up trends in most societies and cultures across the globe they only prosper animalism tribalism and proliferate cruelties brutalities the hope however rests with the ultimate power and potential of scientific knowledge many pluses are emerging though slowly and they are gradually sidelining many minuses we just have to be patient poised and compassionate as new civilizational propensities and pathways emerge and prosper in 21st century
