 of lonely cold mountains in the lady and the panda vicki constantine croke gives us the

 bones campaign into the majestic but treacherous hinterlands where china borders tibet as
 her partner she chose quentin young a twenty two year old chinese explorer as
 unconventional as she was who would join her in a romance as torrid as it was taboo
 traveling across some of the toughest terrain in the world nearly impenetrable bamboo
 forests slick and perilous mountain slopes and boulder strewn passages the team raced
 against a traitorous rival and was constantly threatened by hordes of bandits and hostile
 natives the voyage took months to complete and cost ruth everything she had but when
 almost miraculously she returned from her journey with a baby panda named su lin in her
 arms the story became an international sensation and made the front pages of newspapers
 around the world no animal in history had gotten such attention and ruth harkness
 became a hero drawing extensively on american and chinese sources including diaries
