this book provides a thorough overview of the ostalgia films about the german democratic republic gdr produced since the 1990s far from being a homogenous phenomenon that romanticizes the totalitarian state the ostalgia genre is multifaceted reflexive and at times subversive thus astafeva argues the core of ostalgia is an experience of distance that is prefocused by various aesthetic strategies this genre based definition makes it possible to conceptualize the phenomenon of ostalgia film in its heterogeneity and to reveal the mechanisms that lay in the essence of ostalgic experience the cognitivist phenomenological approach is underpinned by historiographic and genre theory and close analysis of film examples from the most popular ostalgia films such as goodbye lenin wolfgang becker 2003 to lesser known film productions and recent series such as kleo 2022 2024 that allow exploration of various functions of the ostalgic experience ostalgia films can foster uncritical reactionary and conservative views of history and expose the experience of distance by orienting aesthetics toward kitsch and retro they can also encourage reflexive and meta reflexive understandings of history so that the gdr past is critically discussed and reworked furthermore ostalgia films can in some cases activate historical consciousness facilitate the production of historical knowledge and generate ethical thinking and empathy

every day human beings tell and are told stories sometimes in obvious ways sometimes not most of our communication with each other direct or indirect involves narrative production and reception narrative is constitutive of human being however whose narratives are heard feminists argue that the relations between language knowledge gender and power particularly the question as to whether man made and controlled language is a material fit to receive and convey woman's stories are critical issues because historically patriarchy has worked to silence women's dialogue male knowledge unsurprisingly created and continues to create unrepresentative maternal narratives which lead to unreal expectations of mothers and motherwork it is therefore disconcertingly significant for mothers that neither mothers nor their motherwork have been considered worthy of historical record nor are historical records usually written from a mother's perspective hence the narrative research in this book which gives recognition to motherhood mothers and or the work they do is valuable it adds to the rapidly accumulating maternal research research that is now available for the historical record mothers are speaking up developing a canon of literature research narrated in maternal language and claiming maternal knowledge and power
