the handbook of new zealand mammals is the only definitive reference on all the land breeding mammals recorded in the new zealand region including the new zealand sector of antarctica it lists 65 species including native and exotic wild and feral living and extinct residents vagrants and failed introductions it describes their history biology and ecology and

brings together comprehensive and detailed information gathered from widely scattered or previously unpublished sources the description of each species is arranged under standardised headings for easy reference because the only native land breeding mammals in new zealand are bats and seals the great majority of the modern mammal fauna comprises introduced species whose arrival has had profound effects both for themselves and for the native fauna and flora the book details changes in numbers and distribution for the native species and for the arrivals it summarises changes in habitat diet numbers and size in comparison with their ancestral stocks and some of the problems they present to resource managers for this third edition the text and references have been completely updated and reorganised into family chapters the colour section includes 14 pages of artwork showing all the species described and their main variations plus two pages of maps

examining the development of a sense of national identity in a british colony this highly authoritative work is a valuable addition to the literature in new zealand by looking at the onset of home grown shipping railway and telegraph networks as well as at the maori and kiwi experiences not to mention the emergence of rugby teams this book accounts for how transplanted britons and others turned themselves into new zealanders a distinct group of people with their own songs and sports symbols and opinions political traditions and sense of self tracing markers in popular culture political processes and public events this informative and thrilling history focuses on the forging of a distinctive new culture and society

diverse elements have created new zealand s distinctive political and social culture first is new zealand s journey as a colony and the various impacts this had on settler and maori society the second theme is the quest for what one prominent historian has labelled national obsessions equality and security both individual and collective the third and more recent theme is new zealand s emergence as a nation with a unique identity new zealand s small geographic size and relative isolation from other societies the dominant influence of british culture the resurgence of maori language and culture the endemic instability of an economy based on a narrow range of pastoral products and the dominance of the state in the lives of its people all help to explain much of the present day new zealand psyche this third edition of historical dictionary of new zealand contains a chronology an introduction appendix and an extensive bibliography the dictionary section has over 800 cross referenced entries on important personalities politics economy foreign relations religion and culture this book is an excellent access point for students researchers and anyone wanting to know more

about new zealand
