to many chance and art are antagonistic terms but a number of 20th century artists have turned this notion on its head by attempting to create artworks based on randomness among those three in particular articulated a well argued and thorough theory of the radical use of chance in art andré breton writer john cage composer and françois morellet visual artist the implications of such a move away from established aesthetics are far reaching as much in conceptual as in practical terms as this book hopes to make clear of paramount importance in this coincidentia oppositorum is the suggested possibility of a correlation between the artistic use of chance and a system of thought itself organised around chance indeed placing randomness at the centre of one's art may have deeper philosophical consequences than just on the aesthetical level

how did scientists artists designers manufacturers and amateur enthusiasts experience and value the sea and its products examining the commoditization of the ocean world during the nineteenth century this book demonstrates how the transaction of oceanic objects inspired a multifaceted material discourse stemming from scientific exploration colonial expansion industrialization and the rise of middle class leisure from the seashore to the seabed marine organisms and environments made tangible through processing and representational technologies captivated practitioners and audiences combining essays and case studies by scholars curators and scientists sea currents investigates the collecting and display illustration and ornamentation and trade and consumption of marine flora and fauna analysing their material aesthetic and commercial dimensions traversing global art history the history of science empire studies anthropology ecocriticism and material culture this book surveys the currency of marine matter embedded in the economies and ecologies of a modernizing ocean world

a guide to eighteenth century art offers an introductory overview of the art artists and artistic movements of this exuberant period in european art and the social economic philosophical and political debates that helped shape them covers both artistic developments and critical approaches to the period by leading contemporary scholars uses an innovative framework to emphasize the roles of tradition modernity and hierarchy in the production of artistic works of the period reveals the practical issues connected with the production sale public and private display of art of the period assesses eighteenth century art s contribution to what we now refer to as modernity includes numerous illustrations and is accompanied by online resources examining art produced outside europe and its relationship with the west along with other useful resources

while the connected international character of today s art world is well known the eighteenth century too had a global art world eighteenth century art worlds is the first book to attempt a map of the global art world of the eighteenth century fourteen essays from a distinguished group of scholars explore both cross cultural connections and local specificities of art production and consumption in africa the americas asia and europe the result is an account of a series of interconnected and asymmetrical art worlds that were well developed in the eighteenth century capturing the full material diversity of eighteenth century art this book considers painting and sculpture alongside far more numerous prints and decorative objects analyzing the role of place in the history of eighteenth century art it bridges the disciplines of art history and cultural geography and draws attention away from any one place as a privileged art historical site while highlighting places such as manila beijing mexico city and london as significant points on globalized map of the eighteenth century art world eighteenth century art worlds combines a broad global perspective on the history of art with careful attention to how global artistic concerns intersect with local ones offering a framework for future studies in global art history

grouped according to style and era are modern art s pioneers from picasso and duchamp to louise bourgeois and jean michel basquiat all 100 entries are illustrated with important works self portraits and photos 273 illustrations 101 in color

this study addresses 19th century european art along with the forces that informed it after introducing historical events and cultural and artistic trends from about 1760 that would exert their influence well into the new century petra ten doesschate chu discusses the advent of modernism and its many interpretations she considers the changing relationship between artist and audience evolving attitudes towards the depiction of nature and the confrontation of european artists with non western art due to expanding trade and travel understanding of the art as do sidebars that focus on specific works techniques or historical circumstances although painting and sculpture are central in her narrative chu also covers a broad scope of visual culture including architecture decorative arts photography and graphic design a timeline glossary and bibliography listing not only books but also films related to the period complete the volume

this groundbreaking book spans the fields of art history material culture and gender studies in its examination of a range of objects from italian renaissance society addressing painted and sculpted portraits marriage and betrothal gifts and paxes adrian w b randolph uses themes such as family and individual memory windows perspectival space and touch to investigate how these items were experienced at the time particularly by women rather than focusing on the social contexts of the objects this original study deals with the objects themselves asking how individuals lived with looked at and responded to complex things that at the time hovered between the nascent category of art and the everyday accompanied by beautiful and engaging accounts and illustrations of late 14th and 15th century italian art this compelling and thought provoking argument makes the case for an alternate account of art and experience that challenges many conceptions about renaissance art

annotation this book rejects the widespread fakeries that emerged in twentieth century art which may be called by their platonic name of sophistry the book applies ideas of martin heidegger and nicolas berdyaev about what constitutes a beautiful work of art and about how an authentic relation to the beauty in a work of art enhances human existence book jacket title summary field provided by blackwell north america inc all rights reserved

published jointly by prentice hall and harry n abrams inc a comprehensive survey of all of western painting and sculpture 1776 1900

new york magazine was born in 1968 after a run as an insert of the new york herald tribune and quickly made a place for itself as the trusted resource for readers across the country with award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating new york as both a place and an idea
