a guide for women on how to choose a partner for a lasting loving and fulfilling marriage

this is an educational book for those who are in a relationship whether they are married or not as long as they are in a relationship they need to know about these things also it is not only for men but also for females because some women have no idea what to expect from their man this will help them find a basic foundation of what to expect from their man as this also helps man to know what to do for their woman if relationships are not solved and if people are not educated about relationships this world will never be at peace because it is all because of relationships we have all these problems we are facing nowadays as the worlds problem started with two people who were in a relationship which was written in the bible if they both knew what their responsibilities were in their relationship the woman would have not gone and searched for food while the man was home sitting i believe that if couples could know what they are supposed to do and what they are not supposed to do in relationship we will make the world a better place to live

for men and the women who love them this is a highly controversial book on how to get and be a good husband this book will appeal to the countless women who resent that their husbands never listen and that they have to nag in order to get them to do anything around the house who feel like their husbands are always pawing at them to have sex and who want more from their marriage it will appeal to men who want to have more sex less nagging and wives who adore them in short good husband great marriage is the book for everyone good husband great marriage is a hard hitting no nonsense guidebook for men and women to help them fix their marriages robert alter s central controversial argument the man is primarily responsible for the marital problems alter says to women you are right to want what you want from him he says to men stop thinking it s your wife s fault and transform yourself into the good husband you know you have in you in 50 chapters alter describes the problem areas

men face and what actions they can take to fix them the chapters include how to know when you're being a man as opposed to when you're being an asshole how to talk to her and your anger cut the shit alter's approach is straightforward and logical he speaks to men in a language they understand in addition sections of the book will be geared for women where alter will give advice to women on what they can do

the art of being a good husband is not an easy one this little guide was written for the middle classes of the 1930s who were reading one of the first modern self help books illustrated with contemporary line drawings it contains advice by turns delightfully arcane and timelessly true for example don't squeeze the tube of toothpaste from the top instead of from the bottom this is one of the small things of life that always irritates a careful wife don't think that your wife has placed waste paper baskets in the rooms as ornaments don't tell your wife terminological inexactitudes which are in plain english lies a woman has wonderful intuition for spotting even minor departures from the truth do cultivate the habit of coming down to breakfast with a smile remember that as the head of the house it is your duty to see that everyone starts the day in an atmosphere of happiness don't criticise the food at your own table when you are entertaining and especially refrain from doing so before the servants

being nice is not the same as being good and it's costing men their confidence relationships and purpose in be a good man not a nice guy author speaker and modern masculinity advocate kelvin davis challenges the outdated idea that men have to be passive agreeable and approval seeking to be accepted especially in love and life this book is a wake up call for men who are tired of being overlooked misunderstood or emotionally disconnected because they've been told to play it safe through honest storytelling cultural insight and actionable tools davis guides readers through the transformation from a nice guy who performs to be liked into a good man who leads with truth character and emotional strength this is not a book about being macho or dominant it's about being real grounded and responsible whether you're navigating relationships fatherhood or personal growth this book helps you reconnect with your core values and redefine what it means to be a man in today's world who it's for men who feel stuck in relationships where they can't be fully themselves readers seeking emotional maturity and purpose driven masculinity women wanting to understand the inner world of the nice guy coaches therapists and educators guiding men through personal growth you'll learn why being nice is often a mask for fear and insecurity how to set boundaries without guilt what healthy masculinity actually looks like how to stop people pleasing and start self leading the habits of emotionally intelligent grounded men
