family relationships change dramatically when one or more members stops drinking far from offering a quick fix to family problems in fact the first years of sobriety are often marked by continuing tension that fuels marital stress acting out kids and difficulties at work this book explores the process of recovery from addiction as it affects the entire family presenting an innovative model for understanding and treating families navigating this difficult period the authors draw upon extensive clinical and research experience to demonstrate how families can be helped to regroup after abstinence weather periods of emotional upheaval and find their way to establishing a more stable yet flexible family system

in this groundbreaking work four distinguished researchers at the center for family research at the george washington medical center detail over ten years of research into alcoholism in the family context this landmark work is essential reading for anyone who wants to understand or treat alcohol abuse a welcome counterpoint to the simplistic explanations usually offered on the subject it provides us with the authors many years of careful sophisticated research in a clear empathic and clinically sensitive presentation the developmental perspective has crucial implications for diagnosis and intervention monica mcgoldrick rutgers university medical school notes tables and index

my practice life has spanned 36 years and during that time i have been involved in untangling countless mysterious maladies or at least trying to do so all of these efforts were without the benefit of any formal training about family systems i am greatly encouraged by this book because it first draws attention to the intricate web that mankind has woven for itself the family physician has often been caught up in this web and therefore rendered impotent efforts to understand all of this are to be applauded it has been my good fortune to know the editors leonard roberts and michael crouch and as a family physician i feel that their hearts are in the right place they have grown up medically speaking in an era when society has become more complex where life is not easy birth and its medical participants are suspect childhood is complicated by divorce and loneliness adolescence is a time of aimless searching young adults are hard pressed to earn a living the quality of life is being threatened somewhat by the overgrowth of high technology dying with dignity is at a premium the editors are to be commended for helping us clarify the role of the family physician in all of this

effective interventions for alcohol problems that devastate families an individual s alcohol abuse can devastate the rest of his or her family in various ways familial responses to alcohol problems explores the latest research and state of the art programs that provide effective strategies for prevention and treatment experts in the fields of alcohol and families discuss the most current studies innovative programs and practical therapy approaches that focus on the goal of bringing alcoholic individuals into recovery and mending the psychological impact on other family members this single volume provides specific guides and evidence based best practices making it invaluable to any professional providing therapy or counseling to families experiencing the issues and challenges involved in recovery drawing upon the perspectives from family systems theory familial responses to alcohol problems reviews the current literature research programs and therapy approaches to family response to alcohol this comprehensive text discusses the topic from various points in the lifespan including childhood adolescence and youth and older age discussions include examining situations when parents have the disease that impacts their children and other relatives parents interacting with children to prevent or reduce a child s involvement with alcohol attempting to involve a family member in seeking help with alcoholism children intervening in a parent s alcohol abuse couples who enter into recovery and deal with subsequent issues stemming from that misuse co occurrence of other disorders and recovery that includes attention to spiritual development topics discussed in familial responses to alcohol problems include the michigan longitudinal study insight into the effect alcohol abuse in the family has on three developmental pathways of children three researched based approaches to treating adolescent alcohol misuse in a family an overview describing the invisible epidemic of alcohol abuse by older family members three stages families encounter as they advance in recovery bringing a family member into treatment the impact of family recovery on members a research based approach to bring the individual with the alcohol problem into contact with professionals evolving issues in recovery process including couple identity family origin issues couple interdependence issues in four common comorbidity diagnoses with alcohol problems how and when spiritual issues may be used in family recovery familial responses to alcohol problems is a timely single resource presenting up to date research and therapy approaches making this text important reading for educators therapists addictions counselors and graduate students

this pathbreaking book paints a radical new picture of alcoholism offering powerful evidence that most chronic alcoholics live out their lives in intact relatively quiet family environments the authors show however that living in an alcoholic family in which alcoholism is the central theme around which family life is organized has profound effects on family members both drinkers and nondrinkers

a guide for professionals who work with adult children of alcoholics their spouses and children in evaluating and treating these patients timmen cermak not only presents clear diagnostic criteria that correspond directly with accepted psychiatric psychological concepts but also describes ways of treating these patients that extend far beyond current approaches

this pathbreaking book paints a radical new picture of alcoholism offering powerful evidence that most chronic alcoholics live out their lives in intact relatively quiet family environments the aut
