art of war master sun's rules of warfare written by sun tzu translated by lionel giles foreword by william h bradshaw the art of war is a superlative literary work with advanced knowledge and wisdom that can be applied to many modern day relationships in business personal life or even in actual warfare you will notice that this writing seems to contain wisdom experience and intellect far beyond even the most prestigious of warlords there is a very good reason for this this particular warlord was a giant whose cranial capacity was about double the average man it is my educated opinion that sun tzu was in fact the sun god of china from around 544 bc to 496 bc he was i believe a tetraploid human who eventually became a warlord in ancient china the book secrets of the pink kush explains what a tetraploid human is and even how these giant tetraploid humans came into existence they have double sets of chromosomes versus only two and thus grow into giants of about double the size of a normal diploid human being i believe that this sun god wrote this book as well as other literary works that i feel can be attributed to tetraploid humans including prose edda poetic edda parts of the bible especially genesis and leviticus the code of hammurabi some mayan texts some incan texts some aztec texts some ancient egyptian texts the emerald texts by thoth and some yet to be translated astrological texts they have left many megalithic structures artifacts and documents over the centuries with many more yet to be discovered the tetraploid humans eventually left the surface of the earth to reside within the

hollow earth with the exception of some mountain dwelling nature gods tetraploid humans these tetraploid humans are mistaken as big foot extraterrestrials aliens gods and goddesses they are real but remain in hiding and actually control a small group of diploid humans who are then in control of the population of diploid humans these people were known as the chosen people as the tetraploid ruler chose them to administer civilization upon the earth they were the ones that created civilization not us read secrets of the pink kush for a complete explanation that actually employs the scientific method throughout to prove that tetraploid humans giants did and still exist one of the biggest secrets of our history is that gods were real and this book proves it

sun tzu was a chinese author of the art of war an immensely influential ancient chinese book on military strategy he is also one of the earliest realists in international relations theory the name sun tzu master sun is an honorific title bestowed upon sun wu the author s name the character wu meaning military is the same as the character in wu shu or martial art sun wu also has a courtesy name chang qing introductionsun tzu wu was a native of the ch i state his art of war brought him to the notice of ho lu king of wu ho lu said to him i have carefully perused your 13 chapters may i submit your theory of managing soldiers to a slight test sun tzu replied you may ho lu asked may the test be applied to women the answer was again in the affirmative so arrangements were made to bring 180 ladies out of the palace sun tzu divided them into two companies and placed one of the king s favourite concubines at the head of each he then bade them all take spears in their hands and addressed them thus i presume you know the difference between front and back right hand and left hand the girls replied yes sun tzu went on when i say eyes front you must look straight ahead when i say left turn you must face towards your left hand when i say right turn you must face towards your right hand when i say about turn you must face right round towards your back again the girls assented the words of command having been thus explained he set up the halberds and battle axes in order to begin the drill then to the sound of drums he gave the order right turn but the girls only burst out laughing sun tzu

said if words of command are not clear and distinct if orders are not thoroughly understood then the general is to blame so he started drilling them again and this time gave the order left turn whereupon the girls once more burst into fits of laughter sun tzu if words of command are not clear and distinct if orders are not thoroughly understood the general is to blame but if his orders are clear and the soldiers nevertheless disobey then it is the fault of their officers so saying he ordered the leaders of the two companies to be beheaded now the king of wu was watching the scene from the top of a raised pavilion and when he saw that his favourite concubines were about to be executed he was greatly alarmed and hurriedly sent down the following message we are now quite satisfied as to our general s ability to handle troops if we are bereft of these two concubines our meat and drink will lose their savour it is our wish that they shall not be beheaded sun tzu replied having once received his majesty s commission to be the general of his forces there are certain commands of his majesty which acting in that capacity i am unable to accept accordingly he had the two leaders beheaded and straightway installed the pair next in order as leaders in their place when this had been done the drum was sounded for the drill once more and the girls went through all the evolutions turning to the right or to the left marching ahead or wheeling back kneeling or standing with perfect accuracy and precision not venturing to utter a sound then sun tzu sent a messenger to the king saying your soldiers sire are now properly drilled and disciplined and ready for your majesty s inspection they can be put to any use that their sovereign may desire bid them go through fire and water and they will not disobey but the king replied let our general cease drilling and return to camp as for us we have no wish to come down and inspect the troops thereupon sun tzu said the king is only fond of words and cannot translate them into deeds

the art of war is a chinese military treatise that was written during the 6th century bc by sun tzu composed of 13 chapters each of which is devoted to one aspect of warfare it has long been praised as the definitive work on military strategies and tactics of its time the art of war is one of the oldest books on

military strategy in the world it is the first and one of the most successful works on strategy and has had a huge influence on eastern and western military thinking business tactics and beyond sun tzu was the first to recognize the importance of positioning in strategy and that position is affected both by objective conditions in the physical environment and the subjective opinions of competitive actors in that environment he taught that strategy was not planning in the sense of working through a to do list but rather that it requires quick and appropriate responses to changing conditions planning works in a controlled environment but in a competitive environment

a new translation of the ancient chinese military classic that is widely admired by military and business strategists with an introduction that provides sweeping historical context and notes featuring contemporary commentary on sun tzu s wisdom over the centuries for more than two thousand years the art of war has provided leaders with essential tactical and management advice an elemental part of chinese culture it has also become a touchstone in the west for achieving success whether on the battlefield or in business this vintage classics edition features a brilliant translation by peter harris first published by everyman s library in 2018 alongside the pithy and powerful ancient text harris includes notes a bibliography a chronology of chinese dynasties a map extracts from the canon of classical chinese commentators an illuminating introduction on the warrior philosopher sun tzu and the role of the art of war in history and today
