many of us want to learn how to draw but as artist anthony ryder explains it s much more important to learn what to draw in other words to observe and draw what we actually see rather than what we think we see when it comes to drawing the human figure this means letting go of learned ideas and expectation of what the figure should look like it means carefully observing the

interplay of form and light shape and line that combine to create the actual appearance of human form in the artist's complete guide to figure drawing amateur and experienced artists alike are guided toward this new way of seeing and drawing the figure with a three step drawing method the book's progressive course starts with the block in an exercise in seeing and establishing the figure's shape it then build to the contour a refined line drawing that represents the figure's silhouette the last step is tonal work on the inside of the contour when light and shadow are shaped to create the illusion of form separate chapters explore topics critical to the method gesture which expresses a sense of living energy to the figure light which largely determines how we see the model and form which conveys the figure's volume and mass examples step by steps and special tips offer helpful hints and practical guidance throughout lavishly illustrated with the author's stunning artwork the artist's complete guide to figure drawing combines solid instruction with thoughtful meditations on the art of drawing to both instruct and inspire artists of all levels

explains the principles of the drawing method called chiaroscuro and shows how to use it to draw people's heads presenting step by step examples

utilizing as few words as possible but presenting a tremendous variety and volume of illustrations this all in one guide details the fundamentals of drawing in its various phases and fields in the opening pages the author points out the first step on the road to creative achievement artists must learn how to see people and things in terms of pictures then master the techniques needed to express themselves on paper geared to newcomers and yet still beneficial for more experienced artists moranz's illuminating advice covers everything from nude and draped figures to the art of portraits and sketching animals he covers the effective use of various mediums including pencil charcoal pen and wash plus he offers helpful tips on developing a sixth sense about perspective the basics of composition reflecting light and shadow and more there's even a chapter on taking drawing one step further from a pleasurable hobby to a successful commercial venture

figure drawing is structured like an art school course and is every bit as rewarding artists and illustrators informative and instructive this comprehensive guide will give you all the tools you need to draw the human figure from life and from a screen while many books focus on just one aspect of figure drawing this manual unites the skills of observation expression and understanding in one coherent approach beginning with the key principles of observation figure drawing will help you to build a strong foundation of skills to make well observed proportionally accurate drawings as the book progresses you will explore processes and exercises that move beyond the purely observed to express the gesture form and substance of your model photographic and illustrative examples throughout the book support your learning at every step clear step by step tutorials provide a practical understanding of the key materials skills and ideas in figure drawing a comprehensive anatomical reference
