red squirrel phonics is a new series of decodable readers from raintree packed with real stories using words that children can read the programme teaches children phonics skills in a sequential and systematic way so that they can learn the sounds phonemes and the letters that represent them graphemes and then practise and apply this knowledge through reading appealing decodable texts that make sense this ensures that every beginner reader will experience success in their reading from their very first book in this level 3 book the children each have ideas of what to make with the big cardboard box mum helps them to make a hut that is big enough for all three to sleep in

two children mike and julie have found a lot of fun playing with a big box as a ship a house a train one day they found mike s cat

had five kittens in the box and now the big box becomes a real home for the mother cat and her five kittens

new way renowned for its phonic focus and success with generations of children has always been committed to a balanced phonic approach

because they do not abide by the rules written by the adults around them three children are judged unable to handle their freedom and forced to live in a box with three locks on the door

big box usa presents a new look at how the big box retail store has dramatically reshaped the us economy and its ecosystems in the last half century from the rural south to the frigid north from inside stores to ecologies far beyond this book examines the relationships that make up one of the most visible features of late twentieth century and early twenty first century american life the rise of big box retail since the 1960s has transformed environments on both local and global scales almost everyone has explored the aisles of big box stores the allure of everyday low prices and brightly colored products of every kind connect shoppers with a global marketplace contributors join a growing conversation between business and environmental history addressing the ways american retail institutions have affected physical and cultural ecologies around the world essays on walmart target cabela s rei and bass pro shops assess the bigness of these superstores from smokestacks to coat racks and contend that their ecological impacts are not limited to the footprints of parking lots and manufacturing but also play a didactic role in educating consumers about their relationships with the environment a model for historians seeking to bring business and environmental histories together in their analyses of merchant capital s role in the landscapes of everyday life and how it has remade human relationships with nature big box usa is a must read for students and scholars of the environment business sustainability retail professionals and a general audience

a book sense pick and annual highlight with a new afterword in less than two decades large retail chains have become the most powerful corporations in america in this deft and revealing book stacy mitchell illustrates how mega retailers are fueling many of our most pressing problems from the shrinking middle class to rising pollution and diminished civic engagement and she shows

how a growing number of communities and independent businesses are effectively fighting back mitchell traces the dramatic growth of mega retailers from big boxes like wal mart home depot costco and staples to chains like starbucks olive garden blockbuster and old navy and the precipitous decline of independent businesses drawing on examples from virtually every state in the country she unearths the extraordinary impact of these companies and the big box mentality on everything from soaring gasoline consumption to rising poverty rates failing family farms and declining voting levels along the way mitchell exposes the shocking role government policy has played in the expansion of mega retailers and builds a compelling case that communities composed of many small locally owned businesses are healthier and more prosperous than those dominated by a few large chains more than a critique big box swindle provides an invigorating account of how some communities have successfully countered the spread of big boxes and rebuilt their local economies since 2000 more than two hundred big box development projects have been halted by groups of ordinary citizens and scores of towns and cities have adopted laws that favor small scale local business development and limit the proliferation of chains from cutting edge land use policies to innovative cooperative small business initiatives mitchell offers communities concrete strategies that can stave off mega retailers and create a more prosperous and sustainable future

the fourth estate
