happy adventure was a schooner with one fatal flaw it leaked like a sieve so why would anyone repeatedly expose himself and his friends to the elements of the north atlantic in a treacherous stubborn uncomfortable unfloatable boat which at last count has sunk eight times any explanation of this appalling narrative seems outrageously unlikely but the story is true all too true and it's decidedly the funniest story yet from farley mowat whose books have sold over a million and a half copies in this country alone great good humor very funny and often touching tribute to a love affair that saner duller souls would no doubt christen farley's folly the new york times sheer delight best sellers
