jean paul sartre is the author of possibly the most notorious one liner of twentieth century philosophy hell is other people albert camus was the outsider the two men first came together in occupied paris in the middle of the second world war and quickly became friends comrades and mutual admirers but the intellectual honeymoon was short lived in 1943 with nazis patrolling the streets sartre and camus sat in a café on the boulevard saint germain with simone de beauvoir and began a discussion about life and love and literature that would pull them all together and finally tear them apart they ended up on opposite sides in a war of words over just about everything women philosophy politics their fraught fractured friendship culminated in a bitter and very public feud that was described as the end of a love affair but which never really finished sartre was a boxer and a drug addict camus was a goalkeeper who subscribed to a degree zero approach to style and ecstasy sartre obsessed with his own ugliness took up the challenge of

accumulating women camus part bogart part samurai was also a self confessed don juan who aspired to chastity sartre and camus play out an epic struggle between the symbolic and the savage but what if the friction between these two unique individuals is also the source of our own inevitable conflicts the boxer and the goalkeeper sartre vs camusreconstructs the intense and antagonistic relationship that was in sartre s terms doomed to failure weaving together the lives and ideas and writings of albert camus and jean paul sartre andy martin relives the existential drama that still binds them inseparably together and remixes a philosophical dialogue that speaks to us now

this collection of essays addresses the question of lucidity as a thematic in literature and film but also as a quality of both expression and insight in literary criticism and critical thought more generally the essays offer treatments of lucidity in itself and in relation to its opposites forms of obscurity and darkness they offer attention to problems of philosophical thought and reason to questions of literary and poetic form and of photographic and filmic contemplation ranging from engagements with early modern writing through to more recent material the contributions focus in particular on nineteenth and twentieth century french prose and poetry the field which has been the predominant focus of alison finch s critical writing they are written as tributes to the distinctively lucid insights of her work and to the breadth and clarity of its intellectual engagement

despite being one of the foremost american intellectuals of the mid twentieth century harold rosenberg 1906 1978 was utterly incapable of fitting in and he liked it that way signature cane in one hand and a cigarette in the other he cut a distinctive figure on the new york city culture scene with his radiant dark eyes and black bushy brows a gangly giant at six foot four he would tower over others as he forcefully expounded on his latest obsession in an oddly high pitched nasal voice and people would listen captivated by his ideas with harold rosenberg a critic s life debra bricker balken offers the first ever complete biography of this great and eccentric man although he is now known mainly for his role as an art critic at the new yorker from 1962 to 1978 balken weaves together a complete tapestry of rosenberg s life and literary production cast against the dynamic intellectual and social ferment of his time she explores his role in some of the most contentious cultural debates of the cold war period including those over the commodification of art and the erosion of individuality in favor of celebrity demonstrated in his famous essay the herd of independent minds an outspoken socialist and advocate for the political agency of art he formed deep alliances with figures such as hannah arendt saul bellow paul goodman mary mccarthy jean paul sartre willem de kooning and jackson pollock all

of whom balken portrays with vivid accounts from rosenberg s life thoroughly researched and captivatingly written this book tells in full rosenberg s brilliant fiercely independent life and the five decades in which he played a leading role in us cultural intellectual and political history

the title of this book may be misleading if it leads one to expect a study of sartre s writings that primarily stresses sartre s own interpretation of marxism there is certainly an attempt to explain sartre s existentialist interpretation of marxism and to provide a presentation which is as accurate as possible the title however is mean to suggest a question is the combination of existentialism and marxism a valid one from the point of view of marxism is existentialist marxism a real unity or is it a false juxtaposition of antagonistic theories the title should perhaps be followed by a question mark and yet if this question is to be answered another question must be asked what is marxism does it have a definite reality or is marxism something that only exists in the eye of the beholder the aim of this study is to answer both of these sets of questions

examination of thirty three basic stereotypes of our thinking and speech
